

# Allies Accept Red Limit On War Prisoners

By WILLIAM JORDEN  
FUSON, Korea—(AP)—Allied negotiators today accepted a 60-day limit on exchanging prisoners and offered to compromise their demands for supervising a Korean truce.

The Communists had proposed the 60-day limit. The exchange period is to start when an armistice is signed. The agreement does not touch the key question of voluntary repatriation.

Meet Half Way  
The United Nations command, holding 132,000 prisoners, had wanted 30 days more than was allowed the Reds to complete the exchange. The Reds list only 11,539 men in Red POW camps.

Allied staff officers negotiating details for supervising a truce offered a two-point compromise:

(1) If Communists agree to rotating 40,000 troops a month in addition to men on temporary leave, the Allies will drop two demands the Reds oppose.

One of these would forbid shifting troops during a truce in a manner that could continue an offensive threat. The other would require weekly reports on the location of all major military units.

(2) Both sides "met halfway" on the number of ports of entry through which troops and arms would move under neutral supervision during a truce.

Key Issues Bypassed  
The Allies had proposed eight. Wednesday they cut it to seven. The Reds had proposed three. Tuesday they increased it to four. Meanwhile staff officers continue working on details of the other two unsettled armistice clauses. But each is by-passing the most troublesome issue.

These by-passed points are: Shall the Reds be allowed to repair bombed out airfields? Shall prisoners of war have free choice of whether they want to be exchanged?

HUNTS MOMMY AND DADDY—Student nurse Margaret Kaylor adjusts the hat of Patricia Clausen, 5, who was unharmed in the National Airlines DC-6 crash at Elizabeth, N. J. The little girl wandered through the corridors of Elizabeth General Hospital looking for her "mommy and daddy." Hospital attendants could not bring themselves to tell her that her mother was killed in the crash and that her father was critically injured. Authorities finally located an uncle who agreed to call for Patricia. (NEA Telephoto)

# Newark's Airport To Remain Closed

NEW YORK—(AP)—Government and airline officials have promised to keep disaster-stricken Newark, N. J., airport closed pending congressional "and other responsible official investigations."

Another direct result of the New York metropolitan area's fourth airliner crash in two months is an agreement by 25 airlines to create a special safety committee and to hold flights over congested areas to a minimum.

Death Toll 32  
Government and airline officials met here for almost six hours yesterday in the wake of Monday's smash-up of a National Airlines plane in Elizabeth, N. J.

The toll of that catastrophe rose today to 32 with the death of another plane passenger, Miss Sarah Aronwald, 52, of the Bronx, N. Y., in St. Elizabeth's Hospital at Elizabeth.

Newsmen were barred from the closed meeting, but two persons who attended said there was strong sentiment for eventual reopening of the Newark field, which borders on Elizabeth. The two declined use of their names.

Citizens Protest  
Elizabeth's disaster Monday, killing 32 persons, was the third time a plane using Newark airport crashed in the New Jersey city. A total of 118 passengers and residents have died in two months. This area's other recent airliner accident was last month's dive into the East River by a Boston-New York plane. All 36 aboard were saved by quick rescue work.

Violent protests by Elizabeth citizens were a chief factor in ordering Newark airport closed within three hours after Monday's tragedy. Cries for curbs at the Port Authority's other three airports now have been raised by some of the three million residents living near the fields.

# Cold Wave Hits North Michigan

(By The Associated Press)  
Some Arctic air blew down onto Michigan from Hudson Bay today and gave the state a new taste of winter.

Yesterday temperatures around the state were fairly balmy for mid-February. It was 40 in Detroit, 36 in Cadillac and 23 in Sault Ste. Marie.

But mercury dropped fast with the arrival of the cold air. In Detroit it dropped to 17 overnight. Cadillac registered 12 and the Sault -3.

That made Sault Ste. Marie, the coldest city in the nation early today, but not the stormiest.

Severe snowstorms diminished somewhat in the northeastern states but were followed by sharp drops in temperature. Wind gusts of near hurricane force were reported yesterday in snow-bound Maine.

Michigan's temperature was expected to rise tonight, with the advent of snow or sleet. The southern part of the state was expected to get some rain tonight, with the northern half of the Lower Peninsula receiving snow or sleet mixed with rain.

# Chiang Invasion Urged By Taft

SEATTLE—(AP)—A Communist assault on southeast Asia is on the horizon, Senator Taft told a Lincoln Day audience here last night, and "the only chance to stop it is by a Chinese Nationalist invasion of Communist-held territory."

American arms and training, the Ohioan told 5,000 persons in Seattle's civic auditorium, should be expedited to Chiang Kai-shek on Formosa and the "600,000 men in his army, navy and air force" to effect this invasion.

"Will they," he asked in reference to President Truman and Secretary of State Acheson, "prefer to go on sending American soldiers to the continent of Asia, when Chinese soldiers are begging to be sent to do the job?"

The forces Chiang has now, Taft declared, offer the means "to protect the island chain which is our Pacific shield and to prevent Communist conquest of southeast Asia."

He asked, however, if there could be hope for such "common sense in our national administration until Acheson is thrown out of the Department of State and Truman is thrown out of the White House?"

# Alabama Minister Fast For 21 Days

BIRMINGHAM, Ala.—(AP)—A projected 21-day fast "for the glory of the Lord" has five days to go for the Rev. M. J. (Pop) Rickett, pastor of a small independent church.

Since January 28, the Rev. Rickett has taken only water and fruit juices. He says he's lost 20 pounds and is down to 170.

The fast, he adds, will prove "my faith in the Lord and that He will fill all our needs."

Besides his duties as pastor of the True Methodist Church at nearby Brighton, the Rev. Rickett operates a hardware store.

He says he's still able to carry on with all his duties. "I feel strong inside," he says.

# Promoted To Chief

PORT HURON—(AP)—Daniel L. O'Leary has been promoted to police chief here to succeed Thomas J. Davidson. O'Leary has been acting chief since September when Davidson retired after 32 years service.

# Lansing Lawmakers Race To Meet Bill Deadline

## Day-To-Day Vigil Kept Over State's Dwindling Cash

By JACK I. GREEN  
LANSING—(AP)—Like physicians watching a patient's slowly dying pulse, state officials are keeping a day-to-day vigil over the state treasury's fluctuating but dwindling cash supply.

Uncommitted cash on hand fell to \$12,600,000 this week and has not gained much in the past few days. This is reportedly about a ten-day supply of money.

Figures Misleading  
State Treasurer D. Hale Brake said "last April we had \$34,000,000 worth of withdrawals from the treasury in one day. And we're going to have another day like that again."

Brake said "sometime" this Spring it will be the unpleasant duty of the state controller, auditor general and myself to sit down and decide who shall be paid and who shall not."

Brake reported to the legislative taxation committee the seriousness of the problem.

He said the \$12,600,000 figure—out of which Governor Williams has started to make political hay—is somewhat misleading because heavy withdrawals can pull the treasury balance down sharply, but that it can rise again as sharply as revenues flow in.

Bills Lags Behind  
The treasurer told the committee that a more reliable yardstick is the monthly average of treasury cash—and that, he conceded, has been dropping slowly for the past two years.

Where it once ranged around \$60,000,000 the balance in December averaged \$34,500,000. In January, it was up to \$43,000,000 and in February it dropped from \$41,000,000 to \$21,000,000 in eight days.

The treasury balance is larger than the \$12,600,000 reported by

## Thousands Line Up To See Bier Of King George

By TOM OCHILTREE  
LONDON—(AP)—The Duke of Windsor returned to England today to join in the national mourning for his brother, King George VI, whose subjects gathered in increasing numbers to pay tribute at ancient Westminster Hall.

"It is indeed a sad arrival," said the duke who arrived alone at Southampton from New York.

Acheson Attends  
Secretary of State Dean Acheson arrived by air from the United States to represent President Truman at the state funeral Friday. He will join six kings, and the representatives of many heads of states in the rites at Windsor.

Despite snow flurries and 17 degree cold a line of mourners six abreast and two miles long formed at noon outside the doors of nine-century old Westminster Hall where the dead King lay in state a second day.

Three grieving Britons—a woman, a hitch-hiker and a crippled war veteran—waited throughout the night to lead new thousands in homage past the bier of King George VI today.

Monarchs Gather  
They were the first of an estimated 15,000 persons lined up at 8 a. m. when the doors of Westminster Hall opened for the second day of public homage to the dead monarch.

By noon a crowd of 30,000—even more than yesterday—were queued up for more than a mile. Walking two and three abreast on each side of the casket, they passed through the hall at the rate of 5,000 an hour—1,000 more than yesterday.

All but one of Europe's remaining ruling sovereigns and other representatives of the world's governments meanwhile hurried to London for the King's funeral Friday, when his body will be taken to Windsor Castle for burial with his ancestors in St. George's Chapel.

## Grandmother Fools Detroit Communists And Spies For FBI

DETROIT—(AP)—A dignified Detroit grandmother fooled the city's Communists and her friends and neighbors as well during nearly ten years of leading a triple life.

The amazing story of the three identities of grey-haired 49-year-old Mrs. Berenice Baldwin came out in Washington yesterday as she testified before the subversive activities control board and told of her work as an FBI agent.

Trusted By Reds  
To her neighbors and casual acquaintances, Mrs. Baldwin has been just a pleasant, reserved woman, much interested in her work as a nurse and often kept up late by an extra bookkeeping job.

To the Communist organization in Detroit, she has been a trusted member and leader.

But only a few members of her family have realized her true role—that of government agent spying on the moves of the Reds in this country.

Family Keeps Secret  
These family members, a son and daughter, a son-in-law, and Mrs. Baldwin's former husband, Harvey, whom she divorced two years ago, guarded the secret with care, knowing that its disclosure could well mean death for the woman engaged in the dangerous work.

Members of the Communist cell in this city also must have received quite a jolt from Mrs. Baldwin's detailed testimony. It was the first time they had known she was not a party member.

The agent, identifying party members by name, told of joining the ranks on government instructions in 1943. She described their semi-public meetings and gatherings of several years ago, and then told how the party gradually moved underground.

Recently, she related, she was ordered by party heads to sever all outward connections and become a so-called reserve leader, to take over in case the active heads should be dispersed.

## Church Groups Attacking UMT

By EDWIN B. HAAKINSON  
WASHINGTON—(AP)—Slashing attacks on Universal Military Training by leaders of church groups left Chairman Russell (D-Ga.) of the Senate Armed Services Committee—as he put it—"frankly puzzled" today.

Most church witnesses bitterly assailed the proposal to compel 18 year olds to take six months' basic military training but say they are willing to go along with the selective service draft for several more years.

Russell is a sponsor of the UMT measure. He hopes it eventually can replace the draft by building up a vast reservoir of trained manpower in the reserves.

The committee chairman told several witnesses yesterday he could not understand why they support the draft and oppose UMT.

He noted that the draft is under complete military control, that it takes men down to 18½ for two years actual duty that may include combat and then puts "my faith in the Lord and that He will fill all our needs."

Besides his duties as pastor of the True Methodist Church at nearby Brighton, the Rev. Rickett operates a hardware store.

He says he's still able to carry on with all his duties. "I feel strong inside," he says.

## Fire Sweeps Pusan Black Market Area

PUSAN, Korea—(AP)—A wind-swept fire today gutted Pusan's busiest black market section. A government representative said the loss was about \$130,000.

The fire started in a house crowded with refugees and black market goods. In three hours it destroyed 100 small shop-dwellings and 85 other homes.

Origin of the fire was not determined.

Authorities said a large amount of U. S. Army clothing and American cigarettes and candy was destroyed.

## Bookie Wire Case Against Telegraph Company Dropped

GRAND RAPIDS—(AP)—Gambling conspiracy charges against Western Union Telegraph Co. and five of its officials were dropped in Superior court here today but the company was assessed costs of \$3,000.

The charges were dismissed by Judge Thaddeus B. Taylor on motion of Kent County Prosecutor Roger O. McMahon.

McMahon acted shortly after a permanent injunction was issued in Ingham county circuit court forbidding the company from transmitting any racing or gambling information over its wires.

Judge Taylor assessed the \$3,000 costs to recompense Kent county for the expense involved so far in pressing charges.

It was a raid last Sept. 1 that precipitated the conspiracy charges.

Western Union officials and Gorman were accused of conspiring to violate gambling laws by furnishing racing information to the alleged bookie establishment.

The company consented today to the Ingham county court decree.

TOO HONEST—While Herbert L. Timmons was working at South Bend, Ind., his wife and child remained at their home in Kalamazoo, Mich., so he answered his draft board query that he wasn't living with his wife. The draft board thought he meant he was "separated" and inducted Timmons. Before he realized what had happened he was on his way to Korea. He is now at home on furlough awaiting discharge. (NEA Telephoto)

## Measures Pile Up On Desks Of Legislators

LANSING—(AP)—With 685 bills already piled on its desks, the Legislature today hits the deadline for introduction of all but money measures.

Bill drafters worked overtime trying to meet the deadline.

In three-hour sessions yesterday, both chambers heard Abraham Lincoln eulogized, then bucked into heavy calendars of bills.

Lincoln's name was used by Senate Democrats in their apparently vain attempts to beat a Republican legislative reapportionment plan.

Freshman Senator Charles C. Diggs Jr. (D-Detroit) noted that Senator Charles R. Feenstra (R-Grand Rapids) had urged the Legislature to "reaffirm its allegiance to the Constitution."

"We should also reaffirm our allegiance to the State Constitution," Diggs said. He argued the Republicans have long ignored a constitutional mandate to reapportion every 10 years.

Lincoln, said Senator Charles S. Blundy (D-Detroit) "did not say 'government of the people by a few of the people for all the people.'"

Detroit Wants More  
The proposal was delayed another day while Senator Clarence A. Reid, only Detroit Republican Senator, sought a compromise to give Wayne county two more Senate seats.

The proposal would give Wayne county 10 more House seats, raising the House from 100 to 110 members. It would increase the Senate from 32 to 34 members, giving Oakland and Macomb counties a senator each.

Senator Harold M. Ryan (D-Detroit) said Detroit was entitled to 12 Senate seats on a population basis, but was being held to seven. He called the G. O. P. reapportionment "the swindle of '52."

Oakland Growing  
Blundy said the proposal would allow 61,000 upstate residents to cancel out 660,000 Detroit residents.

Senator Creighton R. Coleman (R-Battle Creek) argued the Democrats "want government by 51 per cent of the votes—that's the power solution."

Senator George N. Higgins (D-Ferndale) said Oakland county, eventually will outgrow Wayne county and soon will be entitled to six or seven Senators. That, he said, would allow Oakland and Wayne to control the Senate on a strict population basis.

The Senate passed and sent to the House a proposed constitutional amendment to allow narcotics seized without a search warrant to be used as evidence in court.

## Little Hoover Reform Squelched In Lansing

LANSING—(AP)—In the face of legislative coldness to "Little Hoover" Committee recommendations for governmental reform, the House Democratic floor leader today came out with his own plan.

Rep. Ed Carey (D-Detroit) had ready for introduction a constitutional amendment which would forbid any more than 30 state departments, boards, commissions and agencies.

There are about 120 of them now.

Up To Governor  
Carey's plan would permit the governor to make the necessary consolidations by executive order.

The orders would take effect if not countermanded by the Legislature within 60 legislative days of their being presented to the lawmakers.

This came as a House committee squelched another "Little Hoover" proposal.

On a 5 to 2 vote, the group killed a proposed amendment to permit the governor to appoint an eight-member state Board of Education. The board would have appointed the superintendent of public instruction.

The board and the superintendent are now elected. The proposal

## Truman May Copy Roosevelt Pattern To Seek New Term

By EDWIN B. HAAKINSON  
WASHINGTON—(AP)—Politicians said privately today that President Truman may be following a pattern used by the late President Franklin D. Roosevelt in seeking another White House term.

Rep. Sabath (D-Ill.), dean of Congress in service, came out of the White House yesterday saying the President told him he might run for another term if it would serve world peace.

Keeps Them Guessing  
So far the chief executive has had nothing to say directly about seeking re-election, but a series of White House callers have produced widely varying reports.

Sabath said Truman told him the Presidency is "a killing job" but that if he "actually felt he would be of aid and help to America and the world in bringing about a peace," in that case he would be willing to "sacrifice himself and possibly shorten his life expectancy."

The veteran congressman, a frequent White House caller, said he told Truman he "owed it to the country" to run.

Politicians recalled that other White House callers gave similar reports after talking to the late President Roosevelt just before he accepted nominations for third and fourth terms.

Conclusions Differ  
The Sabath report got speedy circulation among members of Congress and political leaders anxious to pierce the Truman mystery.

Senator Anderson (D-N. M.), who served as Truman's Secretary of Agriculture before entering the Senate, said the report confirms his belief that the President will run again.

"I think this checks with what I've said previously that the Democrats would insist upon his renomination and he will not be deaf to their pleas," Anderson told a reporter.

## Spring Arrives On Korea Front

By MILO FARNETI  
SEOUL, Korea—(AP)—A light touch of spring hit Korea's eastern front today—along with probing Communist infantrymen.

The mild weather was continuing and a thaw was starting.

Allied troops spotted about 200 Reds in the Mundung valley, but the Communists did not attack. In the same area Tuesday U. N. soldiers killed 96 Reds and wounded 130.

U. S. Fifth Air Force warplanes cut Communist rail lines in 35 places Wednesday morning. Pilots also reported destruction of two locomotives and one Red anti-aircraft position.

The Air Force flew 301 sorties Tuesday and cut rails in 105 spots. Nine B-29 Superforts bombed the Suncheon south bypass rail bridge Tuesday night. Three other B-29s hit the rail yards at Samdong and one raided the Kyomipo steel mill.

Allied fighters and bombers attacked 100 Red trucks Tuesday night and destroyed 19. Pilots also reported a string of 16 box cars destroyed in northwest Korea.

U. N. warships pounded road and rail networks off the east coast.

## California Bandit Calls With Chauffeur

NORWALK, Calif.—(AP)—This inflationary era has produced another first: The chauffeur hold-up man.

A masked bandit, driven by a liveried chauffeur in an expensive auto, held up two service stations yesterday. After both jobs he stepped to his car and commanded: "Home, James."

John Sala, attendant in a Downey station, told sheriff's officers the highwayman wore a grotesque red devil mask. Sala surrendered \$64.78. The elite bandit got only \$16 in his Norwalk holdup.

## Lakes Shipping May Open Early

CLEVELAND—(AP)—There isn't enough ice in Lake Erie and Lake Ontario to put in a cocktail shaker, Weatherman C. George Andrus said today.

So if—the weather remains the same as now, Great Lakes shipping should be able to get off to an early start, he said.

"Based on what he knows today, everything points to an early opening of navigation," Andrus continued. "However, we do not like to make predictions about lake ice until around March 1."

Here are some current ice thicknesses in Great Lakes harbors to the north as listed by Andrus: Escanaba, 15 inches; Alpena, four inches; Soo, eight inches; Green Bay, 16 inches; Marquette, on Lake Superior, only floating ice.

## Car Kills Girl, 6

PONTIAC—(AP)—Six-year-old Sandra Barnes was struck and fatally injured by a car Tuesday. She was returning from a store where she had gone to get some ice cream for her sick mother. She was the daughter of Mr. and Mrs. Raymond Barnes.

# 9 Are Called For Induction

Nine selectees for induction and 30 for preinduction examinations will form the February Delta county draft group, Miss Mary Wagner, draft board clerk, has announced.

The groups will leave Escanaba for Milwaukee tomorrow afternoon at three o'clock and will receive physical examinations in Milwaukee Friday.

Leonard L. Nelson, Rapid River, and Raymond R. Alworden, Gladstone, have been selected as group leaders and Kenneth H. Palmgren, Bark River, has been chosen as assistant leader.

The induction group follows:

Delore J. Myers, William John Bosk, Wallace H. Anderson, Israel E. Marenger, all of Escanaba; Vernon G. Rasmussen, Raymond Alworden and Lloyd Oberg, Gladstone; Benjamin Yeardon, Rock; Kenneth Palmgren, Bark River.

Called for Preinduction

The preinduction group follows: David L. Callari, Robert J. Bougie, Walter Silva, of Escanaba; Larry O. LaPalm, Arthur J. LaFave, Howard Vanderlinden, of Escanaba Route One; Perry L. Thunders, Harris; Harold Kickbusch, Norbert E. Carignan, Anthony H. Miron, all of Cornell; Jesse L. Bingham, Nahma; John L. Tardiff, James E. Stewart, Allan A. Seubert, of Gladstone; John A. Baker, Rte. 1, Gladstone; Robert L. Gouin, Ensign.

Henry F. Reimer, Rte. 1, Rapid River; Milan C. Wolf, Rte. 1, Ensign; Henry H. Doneau, Perkins; Leonard L. Nelson, Rapid River; Lawrence W. Casey, Wells; Roger R. Mayrand, Rte. 1, Bark River; Ivan G. Gerou, Perkins.

Emil W. Bruce, Arnold, transferred from Marquette; Ernest LaValley, Cornell, and Vernon LaValley, Cornell, transferred from Detroit, also will be in the group going to Milwaukee for preinduction examinations Thursday.

Fredrick E. Coppock, Gladstone, has been transferred to Chicago. Jess Y. Nephew, Rapid River, has been transferred to Berrien Springs, Mich. Norman G. Arntzen, Escanaba, was transferred to Newtonville, Mass. for examination. Theodore Englund, Bark River, Rte. 1, was transferred to Detroit, and Louis C. Plucker, Fayette, was transferred to Waukegan. The order to Arne G. Rian, Escanaba was mailed to Minneapolis and he may be transferred there for examination.

Nine Passed Last Month

The board announced the names of nine men who passed physical examinations in Milwaukee last month. They are:

Douglas Wescott, Donald LaForest, Gladstone; Joseph Sullivan, Marvin Horchner, Wayne Peterson, Clyde Kasbohm, Escanaba; Joseph Ouradnick Jr., Garden; August M. Prim, Rte. 1, Escanaba; Victor H. Birch, Rock.

There were 10 men rejected of which three will be sent back within three to six months for re-examinations.

The tentative quotas for March are four for induction and 30 for preinduction examinations.

The induction and preinduction groups leaving Thursday have been ordered to report to the draft board at three o'clock Thursday afternoon.

## Aussie Movie Studio Closes; Not Essential

SYDNEY, Australia—(AP)—Australia's only major film production center, Pagewood Studios, is to close down. Trade circles say the closing will be a severe setback for the Australian film industry.

Ealing's of London, which operates the studios, has decided to close them because it has been refused permission by Capital Issues Control to raise \$420,000 to finance the making of a full-length film—"Robbery Under Arms."

Ken G. Hall, of Cinesound, Ltd., said that the permission to raise the capital had been refused because film production was not an essential industry in Australia. The picture was to have had a world-wide release under the J. Arthur Rank banner.

Buy and Sell the Classified Way.

IN THE EASTER PARADE—Young Cottontails take their places in the rehearsal of the Easter Parade number of the 1952 Ice Varieties being presented here Feb. 20-24. The tots, all under 10, are just part of a cast of 57 in the big Easter Parade ensemble. Ready to hop away in the

front line are, left to right: Jo Ellen Thiry, Marilyn Lark, Doris Fillion, Sally Davis, Linda Peters, Mary Heminger, Julia Pakarinen and Jeanne LeCaptain. In the back row are Mary Cretns, Sandra Moreau, Karen Miller and Nancy LaFleur.

## Ford River Sets \$5,000 Aside For Road Improvement

The Ford River township board in meeting last night voted to earmark \$5,000 to assist the Delta county road commission with work on secondary roads in the county in 1952.

The board also decided to pay to the road commission \$800 which will apply toward the per capita assessment for road work. The per capita assessment for roads was agreed upon by the board of supervisors in October, 1951, session.

In discussion of the problem of water wastage by customers of the Ford River water system, and consequent increased cost to the township, the board pointed out that customers who allow water to flow during the winter months to prevent lines from freezing should be charged an additional amount to reimburse the township.

The customer is responsible for locating water lines below freezing level. If the customer lets the water run to prevent line freeze-up it places a cost burden on the township in pumping and service.

Comprising the board are Chester Peak, supervisor; Roland Ekstrom, clerk; Hilmer Sodermark, treasurer; William Temple and Clarence Nordquist.

## Potter, Davis Speak Tonight

Rep. Charles E. Potter of Cheboygan, Mich., and Rep. Glenn R. Davis of Waukesha, Wis., will be principal speakers at a Delta county Republican campaign kickoff dinner tonight at the Delta hotel.

Potter is congressman of the 11th district, which includes Delta county. He has received national attention recently for his criticism of President Truman's selection of Newbold Morris, New York City, to head an investigation of corruption in the Truman administration.

Prominently mentioned as a possible candidate for U. S. Senator from Michigan, Potter will arrive in Escanaba this afternoon to visit business and industries and meet Delta county constituents.

The dinner will be served at 6:30 o'clock. The public is invited to hear the speakers starting at 8:30 p. m., according to Atty. John G. Erickson, chairman of the Delta Republican committee.

Atty. John H. Root will be toastmaster and introduce the speakers. He is chairman of the arrangements committee.

## Marinette Skating Meet To Be Feb. 17

MARINETTE, Wis.—Marinette open speed skating championships will be held Sunday, February 17 at Williams Field Rink. The meet is being conducted by the recreation department.

Events will be held in six divisions for men and boys and in four girls' divisions. Races will be held in the senior, intermediate, junior, juvenile, midget and cub division for men and boys, while only the junior, juvenile, midget and cub girls' classes will be run off.

Medals will be awarded to the three highest point winners in each division, with the champions also receiving trophies.

Advance entries are desired, but post entries will be accepted until 1 p. m., Sunday. The first event will get underway at 1:30 p. m. Entries have been received from Fond du Lac and Green Bay. Wausau is also expected to send several skaters to the meet.

## Mail Biggest Event For Ishpeming Girl, 4, With Incurable Tumor

ISHPEMING, Mich. — (AP) — Bedfast by a tumor that is slowly sapping her life, little Dorothy Johnson looks upon the mailman's visit as the big moment of her day.

The four-year-old girl is expected to receive a big batch of mail today as a result of a newspaper and radio appeal asking Valentines for Dorothy.

Doctors say the tumor is incurable.

## Miss Greenfield Claimed By Death

Barbara Louise Greenfield, 25, died last night at Ferguson hospital in Newberry. She is a daughter of Mrs. Louise Greenfield, 1907 5th Ave. S.

She was born August 27, 1926, in Escanaba. Surviving are her mother, one sister, Mrs. Melvin (Blanche) Bergland, Escanaba, and two brothers, William, Hammond, Ind., and Jack, Phoenix, Ariz.

The body was taken to the Anderson funeral home, where friends may call beginning tomorrow afternoon. Funeral services will be held Friday afternoon at 2 at the funeral home with the Rev. Karl J. Hammar officiating. Burial will be in the family lot in Lakeview cemetery.

## Isabella

ISABELLA — Gary Gouin, son of Mr. and Mrs. Joseph Gouin, underwent an appendectomy this week in St. Francis Hospital in Escanaba.

William McClinchy of Oconto, Wis., is visiting at the home of his sister, Miss Olive McClinchy, and with the Richard McClinchys.

Mrs. Carl Arntzen of Escanaba, Mrs. Richard Palmgren of Bark River, and Mrs. Francis Duchaine of Waukesha, Wis., were guests at the home of their brother and sister-in-law, Mr. and Mrs. Ansel Larson.

More than two-thirds of the 50,000 population of Camiguin Island in the Philippine Islands had to be evacuated when the volcano on Hibokhibok Mountain erupted in 1948.

## Deer Control Is Topic For Wolverine Meeting

I. H. Bartlett, conservation department deer specialist, will be the guest speaker for the meeting of the Wolverine Conservation Association at the city hall Thursday evening, beginning at 7:30. Bartlett's topic will be deer herd management.

Because the Stonington peninsula is one of the areas which have been tentatively proposed for managed hunting if legislation presently being considered in Lansing becomes law, there is much interest in the subject and the meeting was scheduled for the city to accommodate the large number of sportsmen expected to attend. Gladstone hunters, who are the largest numerical group

regularly hunting the Stonington area, are especially invited.

Bartlett has spent some 20 years studying the Michigan deer herd and is well qualified to speak on the subject. He is expected to provide the answers to many of the questions that have caused controversy on the deer problems for years.

Plans for the observance here of National Wildlife Week, in mid-March, will come to the attention of the Wolverines during the business meeting. Directors of the club are also expected to propose a number of plans for acquisition of a club house in the future or in some other manner provide a club headquarters. Club organization changes that have been under consideration for some time may also be acted upon.

## Hopeful Side Noted For Heart Disease

LANSING — (AP) — The state health department issued its own valentine today—a grim warning against heart disease.

Noting that one out of every three Michigan deaths in 1950 was attributed to heart disease, the department termed the ailment one of Michigan's most serious health problems.

"The best protection against heart disease is to have a thorough examination by your physician at regular intervals and then take his advice to heart," said Dr. C. J. Poppen, chief of the department of adult health service.

Stressing the hopeful aspect of heart disease, Dr. Poppen said: "Most persons with heart disease are living actively and productively and will live to a ripe old age."

A person who has had one attack may live for years without a second and eventually die from another cause entirely.

England once used bars of iron more than a foot long as currency.

## Assist Public On Income Tax Return

To assist the public in the preparation of income tax returns the collector's office of the Internal Revenue Department at the Escanaba post office building will have a man on duty there to March 15 from 8:30 a. m. to 4:30 p. m.

No additional employees will be assigned for the purposes but Roland P. Larsen and John Bonino, deputy collectors, will divide their office time to maintain the schedule.

### Postponing New School Buildings Would Be No Saving To Taxpayers

IF the voters of Escanaba on Feb. 18 should decide against bonding the school district for \$1,100,000 to build a new elementary school and a new senior high school, it will not in the long run, mean any savings to the taxpayers.

It will be necessary to resubmit to the voters very soon, perhaps in a matter of 60 to 90 days, a new proposal for at least the elementary school. The need for school facilities at the elementary level is so acute that postponement of this problem could lead to a very serious situation.

Many of the people who are in opposition to the present bond proposal center their objections upon the plan for building a new senior high school. And yet the high school problem is serious, too, even if not as acute at the moment as the problem of inadequate elementary schools.

Beyond question, if the senior high school building program is not approved by the voters on Feb. 18, it will serve only to postpone the problem for a short period of time, perhaps only two to three years. Then the high school congestion will be serious enough that residents of the community will demand construction of the new senior high school. It will be necessary to go through this campaign all over again and the ultimate cost probably will be considerably greater than at the present time.

Our parents and grandparents built the schools which are educating the present generation of Escanaba children. It is our turn to provide facilities for our children and grandchildren. It is an obligation that cannot be bypassed. It can only be postponed. Postponement is no solution at all.

The Escanaba Press strongly advocates a "Yes" vote on each of the two proposals to be voted upon at the special election next Monday, Feb. 18. We sincerely believe

that it is essential to face up to this problem, to have the courage to meet an obligation that bears a close relationship to better citizenry.

Progressive cities all over the United States, including cities in the Upper Peninsula—Menominee, Negaunee, Sault Ste. Marie, among them—are showing their acceptance of their obligation to their children by building new schools.

Can we afford to do less?

### Tomorrow, Feb. 14 Is St. Valentine's Day

TOMORROW is St. Valentine's Day, a day of romance and love.

It is well that a day has been set aside for the romantic side of life. In many ways, St. Valentine's Day is one of the most important days of the year. It is a day for every lover to express his—yes, and her—devotion to the beloved.

St. Valentine's Day has been the occasion for blossoming romance. Likewise it has been an instrument for the preservation of marriage.

The date, Feb. 14, is well spaced, too, in the calendar of remembrance events.

This is simply a reminder, Mister, not to forget that Valentine.

## Other Editorial Comments

### POLITICAL ENDORSEMENTS (Menominee Herald-Leader)

There are seven Democratic state senators in Michigan. They have all endorsed former State Senator Albert J. Wilkie of Iron Mountain for postmaster of that city. Their endorsement may be helpful in the political maze that spawns postmaster-ships, but we can see no good reason why it should be. Why should a state senator from Detroit be instrumental in the selection of a postmaster for Iron Mountain? The entire Republican representation of the Upper Peninsula in the state legislature has endorsed Victor A. Knox of Sault Ste. Marie, representative of Chippewa county and speaker of the House, for the Republican nomination for state auditor general. This endorsement may be helpful to Knox, but it tends to put the Upper Peninsula's support of Knox on a native son basis. This approach to election is chronically weak; every presidential nominating convention is a bloom with native son candidates who have no more hope of election than Charlie McCarthy.

It is urged in support of Knox's candidacy that the U. P. has traditionally been accorded one office on the Republican state ticket, but the U. P. has only 304,000 of the state's 6,000,000 population, only one 18th, although we have three U. P. state senators, or a 10th of the state's Senate representation. There is a much better reason for supporting Victor Knox than his U. P. residency. He has been a state representative for 14 years and speaker of the House for five years; he is one of the best informed men in Michigan state government; an able and honest practitioner of public representation in government. His record recommends him for statewide support by his party.

### Questions and Answers

- Q—What type of bird is the garoo?  
A—The garoo, or whooping crane, is a large, white bird, standing almost 5 feet tall and has a wingspread of more than 7 feet. Fast becoming extinct, there are only about 32 left in this country today.
- Q—When was the Czechoslovak Republic created?  
A—It was created, under the leadership of Thomas G. Masaryk, October 28, 1918.
- Q—What was the Meteor Flag?  
A—The Meteor Flag was the national flag of Great Britain until 1801.
- Q—Was the Boston News-Letter the first newspaper published in this country?  
A—Scholars general consider it so.

## The Doctor Says . . . Antibiotics Help to Battle An Ancient Bone Disease

BY EDWIN P. JORDAN, M. D. — Written for NEA Service

"A friend," writes a correspondent, "suffered a broken leg in 1950, and now has osteomyelitis. Would you please discuss the seriousness of this condition and the treatment?"

Osteomyelitis is a disease of the bones and is known to have existed since the dawn of man because the bones of some primitive human beings which have been dug up have shown signs of this disease.

It is caused by a germ infection of the bone itself which destroys even this hard and resistant tissue.

The disease is still with us but thanks to improved surgical methods, and the use of such preparations as the sulfa drugs and antibiotics like penicillin, it is becoming on the whole both less frequent and more commonly cured.

Up until the last three or four years severe osteomyelitis in one of the limbs was usually treated by amputation.

The disease was surrounded by superstition and until the germ theory became understood, it was often treated with repulsive applications such as incinerated toads, fresh body lice, boiling oil, powder made from Egyptian mummies, turpentine, or herbs.

Maggots were commonly used in the treatment of osteomyelitis in the past be-

cause maggots eat only dead tissues and therefore were used to clean up the dead bone.

No one is attracted by the idea of maggots eating on their flesh even when the flesh is dead, but even today this treatment is occasionally employed.

### NEW TREATMENTS DEvised

The many surgical treatments used over the years all were aimed at destroying or removing the dead bone and pus and allowing new pus which was formed to drain to the surface.

Ingenious instruments for boring into the bone and scraping out all of the infected material have been devised.

New methods of attack on osteomyelitis now have been developed.

The sulfa drugs and the substances obtained from molds or germs called antibiotics are used with great success in many cases.

Several members of both groups are useful in osteomyelitis. By using them it has become possible to save many people with osteomyelitis from months or even years of hospitalization and repeated surgery.

For some, of course, surgery is still necessary and the disease drags on with discouraging persistence.

## Merry-Go-Round

By DREW PEARSON

WASHINGTON—The House Commerce Committee, now investigating Harry McDonald, might dig into a more important matter by investigating its own chairman—Congressman Robert Crosser, Ohio Democrat, who has been grinding a political ax against McDonald, a Republican. This is one backstage reason McDonald's confirmation has been held up as new boss of the Reconstruction Finance Corporation.

Inside story is that Congressman Crosser tried to bring pressure on the Securities and Exchange Commission under McDonald on behalf of financier Cyrus Eaton, who has been in trouble with the SEC. Eaton and Congressman Crosser both come from Cleveland.

The SEC is investigating Eaton for promoting a lawsuit against auto manufacturer Henry Kaiser as a trumped-up excuse to back out of a multimillion-dollar contract. The courts have already awarded Kaiser \$3,000,000 in damages, and the National Association of Securities Dealers has suspended Eaton for two years for unethical conduct.

Despite this, Crosser has repeatedly telephoned SEC commissioners in an attempt to influence them in Eaton's favor. When the SEC continued to rule against Eaton, Crosser hinted that SEC's treatment of Eaton ought to be investigated by a congressional committee and shortly thereafter the probe started.

### CARRIES OUT THREAT

Though the probe was undertaken by Crosser's Interstate Commerce Committee of which he is chairman, he has kept in the background and assigned the investigation to a subcommittee headed by Congressman Louis Heller of New York.

When President Truman appointed McDonald to head the RFC, the Senate Banking Committee asked for Heller's files in order to study McDonald's record. But to the Senate's amazement, Heller flatly refused. The real reason was that the files contained nothing against McDonald.

Meanwhile, Crosser got busy behind the scenes, arranged for \$25,000 to step up the SEC investigation, then telephoned South Carolina's Chairman Burnet Maybank of the Senate Banking Committee, explaining that the Heller subcommittee was going ahead with its investigation and that Maybank ought to wait for the final results.

This did the trick. Maybank summoned his Senate Banking Committee behind closed doors, grumbled that President Truman had appointed McDonald without consulting his committee, and recommended holding up the confirmation.

A note of caution was also sounded by Senator Paul Douglas, Illinois Democrat, while opposition was expressed by Sen. Capehart of Indiana apropos of McDonald's expose of would-be auto manufacturer Preston Tucker. In the end, the Senate committee decided to hold McDonald up until Crosser's investigators completed their research. However, in view of Crosser's political wire-pulling, this may be another case of the investigator needing the investigating worse than the investigated.

### NAZI DOCTOR IN AIR FORCE

Here are some of the facts regarding the Nazi doctor who escaped the Nuremberg war crimes trials and is now working for the Air Force at Randolph Field, Texas. He is Dr. Walter P. Schreiber, the Wehrmacht's wartime chief of medical science, who sanctioned some of the ghastly medical experiments which the Nazis performed on hopeless victims.

The reason Schreiber wasn't tried as a war criminal was that he mysteriously disappeared until the deadline for indictment had passed. When finally he came out of hiding, he was given a job by the Air Force instead of being tried for war crimes. Today he is working on a secret research project at the Air Force school of aviation medicine, Randolph Field, Texas.

Here are some charges that would have been brought against Schreiber if he had been caught by the war crimes investigators:

The Nazis developed a sinister means of executing trouble-makers without trial by injecting lethal phenol into their arms. It has been reported that Field Marshal Rommel, the famed desert fox, was thus disposed of. In 1942, Dr. Schreiber was the senior medical officer at a conference which ordered experimental injections made on human guinea pigs. At Buchenwald concentration camp, four or five prisoners were dragged in and injected with raw phenol. They doubled up in a cramp and died. The experiment was pronounced a success.

Kicking, screaming young Polish girls were held down by SS troops and forcibly operated on at Ravensbrueck concentration camp in August 1943. At least three were killed by these experiments in gas gangrene. Dr. Karl Gebhardt, who was hanged for performing the experiments, testified that he had discussed his work with Dr. Schreiber, also that Schreiber had received reports on the experiments through official channels.

## Into The Past

### 10 YEARS AGO

Washington, D. C.—A terrific blow was dealt the Japanese as mighty offensive actions by the Navy sank sixteen ships, including an aircraft carrier, a light cruiser, a destroyer and two submarines, with 41 planes either sent flaming from the skies or battered to bits on the ground.

London—The long-refugee German battleships Gneissau and Scharnhorst and the cruiser Prinz Eugen slipped from their French coast anchorages with a strong air and surface escort and engaged the Royal Air Force and the British Navy in the greatest sea-air battle off the Dover coast since the fall of France.

### 20 YEARS AGO

Shanghai—China and Japan marshalled their implements of war for a titanic struggle as the representatives of the great powers on the scene and elsewhere intensified their pac efforts in a race against time.

Manistique—A second election of officers of the sophomore class of the Manistique High School was scheduled as evidence was found of ballot box stuffing.

Gladstone—Mr. and Mrs. Walter Johnson, 423 Delta avenue, were the parents of a daughter, Barbara Ann, born at their home.

## Sitting Up With a Sick Friend

## Broadway's Unique Star System Spotlights Three Personalities

By JACK P. GABRIEL  
NEA Staff Correspondent

NEW YORK —(NEA)—Broadway's current theatrical season has been, if you listen to the critics, a relatively poor one. But there are three young players who think it's wonderful.

Audrey Hepburn, Julie Harris and George Britton have become stars. And the word "star" isn't just a press agent's creation; along Broadway, it means dollars and cents, prestige and a big thrill for anybody who earns the right to the title. The elevation of those three to stardom spotlights this unique system.

It means that the star's name is printed above the title of the play. If the name follows the title, the person is merely a "featured player," not a star. Today, for example, it is Audrey Hepburn in "Gigi," Julie Harris in "I Am A Camera," and George Britton in "South Pacific."

In Miss Hepburn's case, it happened this way. The tall, slim brunette played the title role in "Gigi" when the play opened, but her name was below the title. That changed the day after the opening.

"We knew Audrey had talent," producer Gilbert Miller explains, "and her discovery by the first night audience indicated they thought of her as a star. So I made her one."

The actual process of "making" a star is simple. The producer merely announces his decision, rearranges the lights on the marquee, changes the copy in the ads, and the job is done. There is usually a gala party backstage for the honored person, and another star is born.

Producers like to create stars. They feel stars are easier to publicize than plays. A "name" is a big attraction, both on Broadway and on the road. Many a poor play has been financially successful because of the lure of the names of the stars.

Julie Harris had a longer pull to stardom than Audrey Hepburn, who made it on her first crack at Broadway. Tiny, blonde Miss Harris had made several Broadway appearances before she won critical acclaim as a 12-year-old tomboy in "The Member of the Wedding" two years ago. But still no stardom.

This season, critics again

SLOW STARDOM came to Julie Harris in "I Am A Camera," after several earlier appearances.

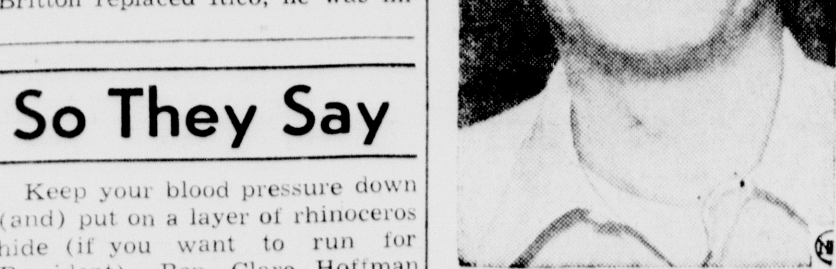

SUDDEN STARDOM came to brunette, Belgian-born Audrey Hepburn the day after her Broadway bow in the comedy, "Gigi."

praised her performance when she opened as a girl who plays fast and loose in "I Am A Camera." A month later, producers Gertrude Macy and Walter Starcke made her a star.

"Julie had earned her stardom before our play opened," says playwright John Van Druten. "The lines at the box office proved that the public was buying tickets to see her."

Men, of late, have had more difficulty than women in becoming stars. Britton is the only man to crack the select circle this season. He was understudy to Roger Rico, who co-starred with Martha Wright in "South Pacific." When Britton replaced Rico, he was immediately proclaimed a star.

Audience STARDOM came to George Britton, whose success as an understudy brought a starring role in "South Pacific."

Some famous names go on appearing year after year without star billing. Many of them seem like stars to the public, but unless their names appear over the title of the play, they are, technically, not stars.

Not everyone who makes a great hit becomes a star. The reasons are varied, but the play may already have a star whose contract calls for solo billing, or possibly the new success cannot be jumped over the head of another player who is getting a larger salary.

Stardom can also be a handicap. A star, by tradition, cannot accept a mere featured role. Without enough star parts to go around each season, a sensational new star one year may be out of work the next.

## Good Evening . . .

By CLINT DUNATHAN

SCHOOL ARCHITECTS — Whether a building is well or poorly designed depends upon the abilities of the architects; whether it will give long years or short years of satisfactory service is the responsibility of the engineers who set up building specifications.

Perkins and Will, architectural engineers of Chicago, have been retained by the Escanaba board of education for its proposed school building program. They have built schools in various parts of the United States—many of them "repeat demands" indicating satisfaction with their work.

John C. Goodall, one of the Perkins and Will partners, recently reported to me: "As you know, we are currently engaged in constructing three schools in Massachusetts, twelve in New York, eight in Michigan, two in Minnesota. We also have built or are building schools in New Mexico, Kansas, Florida, Indiana, Connecticut and Illinois."

UNBIASED ENDORSEMENT — In the Upper Peninsula two recent Perkins and Will schools will be found at Negaunee and Sault Ste. Marie.

An unsolicited endorsement of Perkins and Will was received as early as Dec. 16, 1949, from Dr. Francis L. Bacon, former school official at Evanston, Ill., now a visiting professor at University of Michigan, University of California, and other leading institutions of higher learning in the country.

Dr. Bacon is known to many Delta county residents. He spends his summers (has for many years) at the Bacon camp near Burnt Bluff on the Garden peninsula.

"I was greatly pleased to read that the Escanaba board has agreed to employ Larry Perkins as the school architect," Dr. Bacon wrote me in Dec. 1949.

"In my judgment he is the leading school architect of the country. He did an excellent job for us in the Evanston, Ill., school buildings."

NOTE THE DATE—It is noteworthy in the above to realize that the Escanaba board of education has not acted hastily in the selection of an architect for its proposed school building program.

The board entered its correspondence with architectural firms more than three years ago. Nearly a score was considered. The number was reduced toward final selection and about a dozen architects were invited to Escanaba for interviews.

Perkins and Will was selected only after thorough consideration by the board. That two other school boards in Upper Peninsula cities have found their work satisfactory indicates a wise choice.

THEIR REPUTATION—An architectural firm wins its reputation through performance. It does not hawk its wares with advertising like toothpaste or cigarettes.

The reputation of Perkins and Will is definitely established. Architectural Forum, the national magazine of building, devoted one issue of 300 pages to schools—and Perkins and Will are recognized as one of the leaders (if not the leader) among school architects in that issue.

The Chicago firm is represented in Architectural Forum with an eight-page spread of text and pictures concerning two schools they have built. One is the Parkside school at Riverside, Ill., the other the Suburban school at Glenview, Ill.

It is the only firm of architects in the nation selected by Architectural Forum to present the plans and views of two schools they had built.

AND THEIR HISTORY — Perkins and Will is a young organization, reports Architectural Forum.

Lawrence B. Perkins and Philip W. formed the firm in 1935. The other two partners are John E. Starrett, for 10 years a construction superintendent, and John C. Goodall, banker and building manager for years before he and Starrett joined the firm in 1946.

Since World War II they have built schools totaling more than \$40 million. They are all comparatively young men. They have a good reputation nationally and in every community in which they have been employed. It is a reputation they will not jeopardize by sharp practice or shoddy building.

## Power With Words

By Dr. C. E. Funk

### TEST YOUR VOCABULARY

The following series will give you a check on your present knowledge of words. Some you should be able to identify readily; others may be more difficult. After each numbered definition select one of the four following words that it most nearly defines. Answers are given below.

- 1.—A catch or ratchet: (a) pawn; (b) trawl; (c) pawl; (d) prawn.
- 2.—A pointed saying: (a) anagram; (b) cryptogram; (c) epigram; (d) monogram.
- 3.—To bring about: (a) affect; (b) infect; (c) reflect; (d) effect.
- 4.—A coarse heavy shoe: (a) brogue; (b) fugue; (c) togue; (d) vogue.
- 5.—To make by boiling: (a) decoct; (b) deduct; (c) depict; (d) detect.
- 6.—Readily crumpled: (a) pliable; (b) friable; (c) variable; (d) viable.
- 7.—To wipe out: (a) deface; (b) preface; (c) surface; (d) efface.

### ANSWERS

If you have correctly identified all ten of the definitions, your vocabulary is excellent. It is very good if you have made no more than one error; good if no more than two; fair if no more than three. A person of average vocabulary should have six correct.

1.—(c) pawl (pawl); source uncertain. 2.—(c) epigram (EP-i-gram); Greek "epigramma," a commemorative inscription.

3.—(d) effect (i-FEKT); Latin "ex," out, and "facio," make. 4.—(a) brogue (broig); Gaelic, "brog," shoe.

5.—(a) decoct (di-KOKT); Latin "de," down, and "coque," cook.

6.—(b) friable (FRY-uh-bl); Latin "frigo," to crumble.

7.—(d) efface (i-FACE); French "effacer,"

## Ed Jolin, 64, Killed By Car

Ed Jolin, 64, Delta Convalescent Home, was killed almost instantly at 10:45 p. m. yesterday when he was struck by a car while walking on US-2-41 along the bay shore between Escanaba and Gladstone. It was Delta county's first traffic fatality in 1952.

Convalescent Home proprietors said Jolin had several times wandered away since he was admitted there Dec. 18, 1951. He had been gone from the Home about 20 minutes before his death.

A car driven by Israel Marenger, 21, of 932 Sheridan Road, going north, struck Jolin as he stepped from the east roadside onto the pavement. State police of Gladstone said the lights of oncoming cars may have made for poor visibility.

Jolin was thrown over the top of the car to the pavement. Coroner Dr. Otto S. Hult of Gladstone said Jolin's injuries included a fractured skull, fractured right shoulder, fracture of the left arm in three places, and compound fractures of both legs.

Dr. Hult reported to officers that while driving toward Gladstone a few minutes before the accident he had observed cars swerving to avoid Jolin's wandering course down the highway. Dr. Hult stopped and was telephoning State Police when the Marenger car struck Jolin.

Marenger, accompanied by Miss Joyce Young of 510 Montana avenue, was driving toward Gladstone when the accident occurred.

Jolin's body was taken to the Kelley funeral home at Gladstone. Authorities said he has no known relatives, but that he had been living near Flat Rock before he entered the Convalescent Home.

## Hermansville

### Homecoming Plans

Final plans for the Hermansville High school homecoming on Feb. 22 and 23 are rapidly nearing completion. Some 275 invitations have been sent out to former graduates, non-graduates, students and friends, these past two weeks by the invitation committee.

The homecoming program is as follows:

Friday afternoon, February 22, Homecoming tea and pep session. Friday evening, basketball game, Coleman Wisconsin Cougars vs. Hermansville High School Redskins.

Saturday evening, February 23, Homecoming dance. Music by Ivan Kobasic and his orchestra from 9 o'clock to 1 o'clock in the community gymnasium.

### Personals

Staff Sergeant Harry Yale, who just returned from Korea where he spent fourteen months is visiting at the homes of Mr. and Mrs. Hector Yale and Mr. and Mrs. Jesse Yale, Jr.

Miss Eva Maga is spending a week in Gladstone at the home of her brother and sister-in-law, Mr. and Mrs. John B. Maga.

Mr. and Mrs. George Furlick and Mr. and Mrs. Anthony Wielicki of Milwaukee returned Monday after spending the weekend at the home of Mr. Furlick's parents, Mr. and Mrs. Nick Furlick.

Mr. and Mrs. Hugh Allen of Green Bay and Mr. and Mrs. William Allen and children of Niagara were weekend visitors at the home of Mr. and Mrs. Harold Allen.

Miss Rose and Miss Florence Klem of Milwaukee were weekend visitors at the home of Mr. and Mrs. Walter Bellmore.

Sylvester Losienecki and daughter, Sylvia, returned to Milwaukee Monday following a weekend visit at their home here.

## LITTLE LIZ

Government reform would be a fine thing if we had a reform school big enough to do the job.

## Sun Eclipse Feb. 25 Over In 3 Minutes; Planned For Weeks

By HERBERT ALTSCHULL  
WASHINGTON — (AP) — The next total eclipse of the sun will be all over in the space of three minutes. But consider the work that goes into preparing for those three minutes!

The government supplies some facts and figures today.

First of all, government scientists decide on the best possible place for viewing the moon passing over the sun's face.

For the Feb. 25 eclipse, they have agreed on Khartoum, halfway around the world in the Anglo-Egyptian Sudan.

After some preliminary work in the states, a field team headed by Dr. George Van Biesbroeck, Yerkes Observatory astronomer, went to Khartoum around the first of the year.

Chances Against Clouds  
Dr. Van Biesbroeck reported to his Pentagon superiors this week: "It's 98 degrees in the shade just now."

Then, he added a bit ruefully: "And this is the cold season!"  
Eight weeks planning at Khartoum was necessary for the im-

portant three minutes. Concrete footings were poured to support the National Geographic Society's huge, tripod-mounted telescope-camera.

The instrument was shipped to the Sudan back in November and was assembled on the site of the study.

When zero hour comes on the 25th, the American team may find that all its work has been for naught. If it rains or a dust cloud or sand storm swirls up to distort the view, there may be nothing worth looking at.

But the chances are against it. That's why Khartoum was chosen. Rains and clouds are practically unknown there in February.

Then there is the major technical problem of measuring the "Einstein shift." This is an apparent change in the position of stars in the area of sky immediately surrounding the eclipsed sun.

Scientific brains check Dr. Albert Einstein's theory of relativity in stargazing which has passed through the sun's field of gravity. This is done by taking pictures

of the stars beyond the sun during the eclipse and then photographing the same stars several months later.

### Not Visible Here

The Air Force considers the study very important. It hopes to be able to chart vast areas of the earth's surface for new air maps with less than a 200-foot margin of error.

Incidentally, Americans who stay at home won't see the eclipse. Its path will sweep in an arc of 9,000 miles from near the equator to the middle of the Atlantic on one side and southern Siberia on the other.

Khartoum will be right in the middle of the arc.

### Briefly Told

Masons Meeting—The regular meeting of the Delta chapter, 118, of the Royal Arch Masons will be held Thursday at 7:30 p. m., at the Masonic Temple.

Driver Fined \$50 — Lawrence Poquette, Route 2, Bark River, pleaded guilty on a charge of driving an automobile while under the influence of intoxicants and was fined \$50 and costs by Justice A. T. Sohlberg at Gladstone today. In addition, Poquette's operator license was suspended. The arrest was made by state police of the Gladstone post.

## Defense Heard In Cornell Case

The People rested its circuit court case today against Arthur Swanson on the charge of manslaughter after 12 state witnesses took the stand in a day and a half of testimony.

The charge is held against Swanson in connection with an incident in the Cornell IGA Store which, the state claims, resulted in the death of the proprietor of the store, Clifford South, on July 16, 1951.

At the time of incident it was reported that on July 16 Swanson and South engaged in struggle at the general store and filling station owned by South after which South died while being taken to St. Francis Hospital for injuries received in the struggle.

### Coroner Testifies

In the trial which began Monday, jurors heard testimony of persons allegedly present at the scene before, during and after the incident and that of witnesses who saw the dead man after he had been brought to the hospital.

Coroner Otto S. Hult repeated this morning the finding of an autopsy performed on the dead man attributing the cause of death to coronary thrombosis. Dr. Donald LeMire testified that he pronounced South dead when he arrived at the hospital a short time after South was brought there.

### Son Called First

Other witnesses testifying Monday and today were Mrs. Grace Couillard and Mrs. Lavern Rabbitt, who claimed they were on the premises when Swanson entered the South store; Robert South, 15-year-old son of the dead man; Robert Dahl, 16, present at the store at the time of the incident; Mrs. Elvira South, the proprietor's widow; Loren Barron, who took South to the hospital; John Manninen of Watson and George Bradway of Cornell, who came on the scene after the incident; Mrs. Alfred Dahl, an employee at the South store; and Sheriff William E. Miron.

After testimony of state witnesses was closed this morning, the defense called to the stand its first witness, Nels A. Swanson, young son of the accused. Defense testimony was continued this afternoon under counsel for the defendant Richard W. Nebel of Munising.

The trial is expected to continue into Thursday.

Until 1951, Nepal, on Tibet's southern border, had been governed by a hereditary prime minister for 104 years.

## Outside Advice Asked In Leasing New Drug Discovered In Lansing

LANSING—A Michigan sought the advice of two university foundations today before leasing the manufacturing rights to synematin, a new anti-biotic drug discovered by its state health department.

A committee of the state administrative board asked a representative of the attorney general and the health department to visit the University of Wisconsin foundation

## Korean Veteran Back In At 17

KALAMAZZOO, Mich. — (AP)—Kenneth L. Downs, a combat veteran at the age of 17, shed his civilian clothes today and prepared for a second military career.

Downs has been a civilian since Nov. 16, when the Army discharged him because he was only 16. But before the discharge came he'd already gotten a taste of action in Korea. Apparently he liked it.

Because yesterday Ex-Pvt. Downs appeared at the Kalamazoo recruiting station.

"I was 17 yesterday," he explained to Recruiting Sgt. Charles Gross.

He said he had enjoyed his experiences so much as an automatic rifleman in Company F of the 1st Cavalry Division's 5th Regiment that he wanted more.

So he asked to return to Korea.

As a parting shot at civilian life, he told a reporter:

"Come around and see me again when I'm 37, because that's when I'm retiring."

For use at high temperatures, such as encountered in jet and turbine airplane engines, molybdenum metal of high purity is the material that is strongest and has long life.

and Rutgers University foundation for assistance.

Both foundations, members said, have had experience in developing new drugs and leasing them to private pharmaceutical firms.

## Senior Ball Plans Approved By Board

The Escanaba Board of Education in meeting last night approved plans for the annual Senior Ball to be held April 18, as submitted by Senior Class officers of Escanaba high school.

Rules for the ball include permission of parents for their children to attend the ball, which will include dancing from 9 to 1 o'clock; and permission of the parents for any student attending the ball to drive his out-of-town guest home after the ball.

Students must stay the full length of the ball, no intoxicating beverages will be allowed on the premises, and no corsages will be worn. Only students who attend school the day of the ball will be permitted to attend the dance.

Senior Class officers who conferred with the board on the rules are Cappy Bartley, president, John Nelson, Lynn Bergman and Betty Sealander.

Other business before the board included authorizing the advertising the advertising for bids for a boiler for the heating of Catherine Bonifas Technical school; and the naming of precinct election officials for the Feb. 18 school bond issue referendum.

## 'Little Hoover' Proposals Turned Down In Lansing

(Continued from Page One)

had the approval of most school interests.

### Oleo Bill Defeated

The lower chamber defeated 21-57 a bill which would have repealed the 60-year-old ban on serving oleo in state institutions.

The defeat resulted from an unusual coalition of urban Democrats and rural Republicans.

On a 71-12 vote, the chamber approved and sent to the Senate a bill to permit general public access to direct relief rolls and to permit publication of the rolls if fraud is charged.

The bill forbids commercial or political use of the names and continues to forbid access to federally supported old age assistance, aid to the blind and aid to dependent children rolls.

## Recipe For Worms Brings Results

JEFFERSON CITY, Mo.—(AP)—Ever have trouble finding worms when you want to go fishing? The Missouri conservation commission offers this recipe to guarantee a plentiful supply:

Dig a bed about one foot deep, three to six feet square, in a shady, well-drained location. Mix into the spaded earth a lot of well rotted manure and throw stale bread, soaked in water on top. Cover the bed with a layer of fine dirt.

Keep the bed damp but not saturated. Add bread or cornmeal and vegetable refuse to the top about once a week. Soon, the commission says, you'll have enough bait for a whole season.

## Grandma Moses Gets Working Card At 91

TROY, N. Y. — (AP)—Grandma Moses, whose primitive paintings won her world fame, has a social security number for the first time—at the age of 91. Grandma — Mrs. Anna Mary Robertson Moses of nearby Eagle Bridge — recently was assigned an account number through the social security office here. She had applied for it as a self-employed person.

## Day-To-Day Vigil Kept On Dwindling Cash In Lansing

(Continued from Page One)

pinch will come in March or April when first quarter payments of state aid to local governments are due.

Governor Williams' financial advisers have estimated the state will be out of cash by Mid-Summer.

Republican Legislators discount that theory, but shudder at the thought that if it comes true Williams could call them into a special session only a few months before the 1952 election and try again to ram his corporation profits tax down their throats.

Williams told his press conference he is getting a daily report on the treasury balance.

He seized the \$12,600,000 figure to go before a Democratic Women's Club meeting yesterday and declare the G.O.P. is willing to "soak" the property owner, the consumer and the public schools rather than tax corporations more.

He said the Republican leadership had advocated a return to a state property tax, the Legislature was debating trying to recapture all of the intangible tax now going to local governments and the Senate has passed a bill to take \$2,500,000 away from the public schools.

Ladies of the Congregational Women's Fellowship held their regular meeting at the parish hall Wednesday evening, hostesses being Mrs. Leslie Birk and Mrs. Orville Farley. A silent auction was held following the business session.

Sault Accepts Vice City Label

SAULT STE. MARIE, Mich.—(AP)—This city calmly accepted a label as one of the 25 "hot spots of vice and sin" in the United States, applied to it by a national magazine (Look).

The American Sault was adjudged "bad" on the basis of the magazine survey of size of community, number of commercialized prostitutes in the community and accessibility of commercialized prostitutes. The Canadian Sault was judged "fair."

**No Demand For Closing**  
The article, based on an undercover survey by the American Social Hygiene Association, drew this comment from Chief of Police J. Willard Welsh:

"There never has been any organized popular demand to close the house of prostitution."  
"The police department is a reflection of what the city wants it to be," he added.

Dr. Donald Cowan, medical director of the tri-county health unit, said the idea had become ingrained in the community that there must be commercialized prostitution because of the presence of the military."

**Only Four Houses**  
However, Dr. Cowan said he resented that inference because he didn't believe "a uniform changes a man's moral behavior."

And he added that the magazine article makes the Sault "look a lot worse than it really is, despite the fact it could be a lot better."

Chief Welsh pointed out that four houses of prostitution are now in operation in the Sault with only about eight women involved. "I do not know of a single adult who is not aware of the presence of these houses," he said.

The Sault was the only Michigan city to be named in the magazine article.

Movie Oscar Derby Is Wide Open Race

By BOB THOMAS  
HOLLYWOOD — (AP) — The movie world today learned the hopefuls in the annual Oscar Derby and it shapes up as a wide open race.

Only Vivien Leigh, who played the demented southerner in "A Streetcar Named Desire," appeared to be a favorite among the top contenders. The English beauty has been tabbed a probable winner in advance predictions. It would be her second Oscar, since she was awarded one for playing another southern belle in "Gone With The Wind."

**Youngsters Coming Up**  
She has strong competition. Also nominated for the best actress award are Katherine Hepburn in "The African Queen"; Eleanor Parker in "Detective Story"; Shelley Winters in "A Place In The Sun"; and Jane Wyman in "The Blue Veil."

The race for the top honors among the actors looks like a hard fight among five Broadway-trained performers. Two veterans, Humphrey Bogart (The African Queen) and Fredric March (Death Of A Salesman) are pitted against three youngsters—Marlon Brando (A Streetcar Named Desire); Montgomery Clift (A Place In The Sun) and Arthur Kennedy (Bright Victory).

March would make Academy history if he won the award for 1951. He would be the first star to win three Oscars. Walter Brennan has been awarded three, but as a supporting actor. Contention for the best picture

award is also unpredictable. The nominees are "An American In Paris"; "Decision Before Dawn," "A Place In The Sun," "Quo Vadis" and "A Streetcar Named Desire."

"Streetcar," from Tennessee Williams' outspoken play of night in New Orleans' French quarter, took top honors among the pictures, netting 12 nominations. "A Place In The Sun" was second with nine, and "Quo Vadis" and "An American In Paris" won eight apiece. The naming of "An American In Paris" is noteworthy because musicals are seldom honored by the Academy.

**Big Show March 20**  
Other major nominations are: Best direction: John Huston in "The African Queen"; Vincente Minnelli in "An American In Paris"; William Wyler in "Detective Story"; George Stevens in "A Place In The Sun"; and Elia Kazan in "A Streetcar Named Desire."

Best supporting actor: Leon Genn in "Quo Vadis"; Karl Malden in "A Streetcar Named Desire"; Kevin McCarthy in "Death Of A Salesman"; Peter Ustinov in "Quo Vadis"; and Gig Young in "Come Fill The Cup."

Best supporting actress: Joan Blondell in "The Blue Veil"; Mildred Dunnock in "Death Of A Salesman"; Lee Grant in "Detective Story"; Kim Hunter in "Streetcar Named Desire"; and Thelma Ritter in "The Mating Season."

Now begin feverish weeks of campaigning by the contenders, their press agents and their studios.

Fish Production Gains Over 1950

LANSING—(AP)—Total haul of commercial fishermen in 1951 from Michigan Great Lakes waters was some 25,000,000 pounds, nearly 2,000,000 pounds better than 1950, the conservation department reported.

The catch, however, was still below the average of 26,000,000 pounds a year and substantially under the 32,000,000 pounds caught in the 1927 record year.

Herring again was the most plentiful fish, accounting for 8,913,000 pounds. This compared

with 6,871,000 pounds in 1950. Chubs took over second place in the catch, totaling 2,944,000 pounds. This compared to 2,427,000 pounds which made it the third place fish in 1950.

Smelt, continuing a comeback, jumped from seventh to third place with a total catch of 2,661,000 pounds.

Whitefish fell from second to seventh place with only 1,358,000 pounds taken, compared with 2,725,000 pounds the previous year.

The prized lake trout dropped another notch from fourth to fifth place with a total of 1,358,000 pounds. The take in 1950 was 2,725,000 pounds. All but 3,200 pounds of the 1951 catch were

taken from Lake Superior. Commercial fishermen reported taking a total of 23 species in 1951. The total production by lakes was Michigan 12,744,000 pounds, Huron 5,457,000 pounds, Superior 5,323,000 pounds and Erie 1,178,000 pounds.

O-Jib-Wa Bitters Brought Relief After 15 Years of Painful Suffering

The genuine results that is wanted by every rheumatism and arthritis sufferer can be had with O-JIB-WA BITTERS. Mr. Glenn W. Forbes, 1411 Deyo Street, Jackson, Michigan, suffered 15 long years with rheumatism, arthritis and lumbago, and just eight weeks after he started taking O-JIB-WA, he was completely better. What O-JIB-WA BITTERS has done for others, it can do for you.

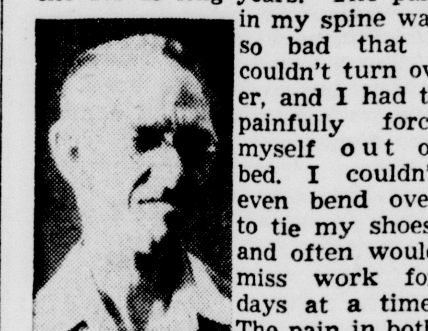

"The pains and stiffness of arthritis and lumbago tortured me for 15 long years. The pain every ache and pain in my body was so bad that I couldn't turn over, and I had to painfully force myself out of bed. I couldn't even bend over to tie my shoes, and often would miss work for days at a time. The pain in both arms was just as bad, and it was difficult to dress myself and

to do any work at all. One day when I was very bad and remained home, I read an endorsement for O-JIB-WA BITTERS in the newspaper, and the user spoke so highly of it that I was very anxious to try it. I went right out and got a bottle and started taking it, and by the time I had used it for 20 days, the pains and stiffness began to leave, and in just eight weeks, every ache and pain in my body had left me. Frankly, it was amazing. Thanks to O-JIB-WA BITTERS I am now able to work full time again, and would advise anyone suffering with rheumatism or arthritis to try this wonderful medicine." O-JIB-WA BITTERS is available in three economical sizes at all leading drug stores in Michigan and especially recommended by:

Straits Bridge Hearing Feb. 19

LANSING—(AP)—A public hearing to discuss the recommendations of the Mackinac Bridge Authority today was set for Feb. 19 in the House of Representatives chamber following the afternoon legislative session.

Speaker Victor A. Knox (R-Sault Ste. Marie), who arranged the meeting, said that legislation to permit the authority to proceed with the actual building of the bridge would be introduced before that time.

Members of the authority and its board of consulting engineers will be present to answer questions and explain the plans for the proposed bridge across the Straits. The new model of the proposed bridge will be displayed to the public for the first time at the meeting.

"Members of the Legislature as well as all persons interested," Knox said, "are invited to attend."

The San Francisco earthquake of April 18, 1906, cost 700 lives.

**RECORD PIKE** — Believe it or not this 27 pound, 10 ounce Great Northern pike was taken from the waters of Gull lake by Joel M. Shepherd of Kalamazoo, shown above. The huge pike, one of the largest fish ever to be taken from the lake, measured 46 inches long. Shepherd used a rod and line and had a sucker for bait to lure the big fellow from about 28 feet of water near the island. When he pulled the pike near the surface he had to cut a larger hole in the ice to get him up. (AP photo from Kalamazoo Gazette)

Hyde

**Birthday Party**  
HYDE — Miss Betty Jane Borden was the guest of honor at a party Saturday afternoon, Feb. 9, in celebration of her 15th birthday anniversary.

Games were played with Virginia Hahn, Nancy Olson, Sharon Donahue, Naomi Detjen, Barbara Borden and Blanche Johnson winning awards. A party lunch was served by Betty's mother, with a pink and blue decorated cake centering the table. Betty Jane received many gifts.

Her guests in addition to the prize winners were Ellen Detjen, Roberta Forath, Virginia Hahn, Nancy Olson, Merna Ebbeson, and Wanda Schilser.

Richard Donahue and son Tommy left Monday morning for Ann Arbor where Tommy will receive a check-up at the University Hospital.

Miss Rose Dittrich, a student at Northern Michigan College of Ed-

ucation, returned to Marquette after a 10-day mid-semester vacation at the home of her mother. The Rev. A. A. Schabow and family motored to Appleton, Wis., Sunday to visit their parents and other relatives.

# Is The American Girl Growing Out Of Sight?

By HAL BOYLE

TAMPA, Fla.—Are you finding it harder to meet American women on their own level? I am. And with me the reason is very simple. I no longer can look them in the face. I have to look up to them. They are getting that tall.

What are they feeding girls these days anyway — "grow-fast"?

Everywhere you travel about this nation you notice that the younger feminine generation is shooting up like corn stalks under a hot July sun.

HAL BOYLE

Is a new race of American amazons in the making? It could be, pardner, because the all-American lass today isn't only as pretty and slender as a willow tree. She can reach right up and chin herself on its highest branch.

That is as true in Florida as it is in California. It is gospel fact in the four cities which brag most often they have "the prettiest girls in the world" — Atlanta, Dallas, Kansas City and New York. Elsewhere the damsels tower taller every year.

Men Lose Ground

Maybe that's just a reflection of the American credo that we have to have everything bigger and better. But foreign visitors, notably Frenchmen, for some time have been appalled at the altitude our ladies are attaining. And certain disadvantages are becoming apparent to the native male, too.

For in the battle of sexes in the United States men have been steadily losing ground. They have been told women are made of finer stuff, have more culture, can endure more suffering, live longer, and control more money than they do. Only in the field of height have they been able to say to women, "grow up, kid."

But that is exactly what the gals are now doing, and they threaten to reduce man to his final inferiority. He is on the way to becoming a pale satellite of womanhood.

circled around the flower of his choice like a tame bee.

This sad certainty became apparent to me during the parade here the other day highlighting the Gasperilla festival, one of the Southland's greatest fetes.

I was dressed in pirate regalia, trudging along feeling pretty villainous. But as I passed a high-stepping high school drum major, she looked over and said: "Hi, stumpy!"

No More Tarzan

Well, that melted all the piracy in me. Why, I am five-foot-nine inches tall and I can remember when girls her age used to call me things like "Tarzan." Anyway, one girl did once, and what if she was near-sighted? From Tarzan to stumpy in 20 years—what a comedown!

My theory is that the modern girl had better curb her alpine growth or she will outshadow the average American man altogether, forcing the poor, inhibited soul to court midgets to keep his own vanity intact.

A rose with the longest stem isn't necessarily the one most admired. Who wants to go through life carrying band-aids for a gal who is always bumping her forehead in doorways?

Naturally we have to raise a crop of tall ones to keep our college basketball players happy, but that's no excuse for all the fair sex to try to grow clear out of sight.

As the old French proverb goes: "When a wife can look down upon her husband's bald head, she talks to him more about dandruff than romance."

## Lucky Miss Misses Train And A-Bomb

NEW HAVEN, Conn.—(P)—Miss Fumiye Miho, Honolulu-born Japanese who was studying in Japan when World War II broke out, probably wouldn't be alive and a student at the Yale Divinity School today if she hadn't missed a train seven years ago.

The train was one on which she commuted 15 miles daily to Hiroshima, and the day she missed it was August 6, 1945. The atom bomb fell that day.

# New Secrets Of Space Learned

WASHINGTON, D. C.—Geographers of space have discovered vast numbers of new celestial bodies, great and small, near by and far away, in previously unexplored regions of the universe. The discoveries have been made in the course of a comprehensive Sky Survey now being carried on by the National Geographic Society and the California Institute of Technology at Palomar Observatory.

New clues have been uncovered to the mysteries of how large the universe is and how it is put together. New evidence is being collected on the question of whether all space is exploding outward at inconceivable speeds.

Half-Way Mark

National Geographic's report marks the near half-way point in

the four-year survey, launched in 1949. When complete, an atlas of 1,870 photographic plates will be published. It will chart more than three quarters of the entire sky—all that can be seen from Palomar—and give astronomers enough material for a century of study.

Among the discoveries already made by Palomar's wide-angle 48-inch Schmidt telescope camera and the giant 200-inch Hale telescope are many new comets and large numbers of new "baby planets," or asteroids.

Farther out in space millions of new stars have been photographed. A new and far more detailed picture is emerging of the Milky Way, the galaxy or huge wheel of stars in which the earth and its solar system are located.

Faint luminous clouds of dust and gas, hanging in space between the stars of the Milky Way, are being revealed for the first time in Sky Survey photographs. Astronomers had long suspected this material was there; until now they have never been able to photograph it directly.

In the distant depths of the universe, the "Big Schmidt" is recording new nebulae, vast systems of stars. In addition, nearly 1,000 clusters of nebulae—archipelagoes of star islands in the ocean of space—have been spotted for the first time.

Exploding Stars

Sky Survey pictures, taken through both red and blue filters, are furnishing new scientific data on the "novae" and "supernovae," stars which suddenly explode into greatly increased brilliance. Palomar's astronomers hope for clues to the cause of such outbursts, as well as knowledge on what types of stars are most likely to explode.

"It would be of considerable interest," Dr. Wilson says, "to know whether our own sun is a star of the type that may explode some day."

By study of the light from the distant clusters of nebulae discovered on the survey's photographs, new evidence has already been collected showing that the

entire universe may be expanding like a soap bubble, with distant groups of stars racing away from the earth at speeds up to one-fifth the velocity of light itself.

Far-Sighted Partners

Each picture taken by the Big Schmidt records a section of sky as large as the bowl of the Big Dipper, out to an average distance of 2,000 billion billion miles.

The 200-inch telescope penetrates three times that distance, but photographs a sky area only one-quarter the size of the moon. The two telescopes work as a team, with the 200-inch used to track down objects of special interest found on pictures taken by the Schmidt.

In the course of the survey the 200-inch has photographed nebulae a billion light years away. One light year is the distance that light, speeding 186,000 miles a second, travels in a year's time—about six million million miles. Thus the larger of the telescope partners can "see" an object some 6,000,000,000,000,000,000,000 miles away.

## Bark River

Women's Missionary Society

BARK RIVER—The Women's Missionary Society of the Salem Lutheran Church of Bark River will meet Wednesday afternoon at the home of Mrs. Lawrence Bruce.

Home Economics Club

At the recent meeting of the Bark River Home Economics club, Mrs. Edwin Bergman presented the lesson on covering buttons and sewing in zippers.

Briefs

Vernon Good has arrived at his home to spend a three day furlough with his father, Leslie Good. Vernon will leave soon for Texas.

Rev. Neil J. Stehlin, pastor of St. George's Church, left Wednesday morning for Rochester, Minn., where he will enter the hospital for treatment. Rev. Pach of Sturtevant, Wis., is serving the parish during his absence.

Glenn Sandell, of the Bark River Culvert and Equipment Company, returned Thursday evening from Milwaukee, where he attended the Parts Clinic conducted by the Harnischfeger Corporation of Milwaukee.

Philip Lindblom, lay pastor of the Salem Lutheran Church, and his family have left for Harris, Minn., Mr. Lindblom was called to officiate at the funeral services for Sgt. Marvin Ryberg, a member of his former parish, who was killed in a recent plane crash off British Columbia, while returned home from Korea.

Mr. and Mrs. Jim Fehring of Milwaukee returned Sunday after visiting with Mrs. Fehring's parents, Mr. and Mrs. Andrew Myrockoski. Mrs. Fehring is the former Lottie Myrockoski.

Warner Felter arrived home Saturday from Flint for a visit with his parents, Mr. and Mrs. William Pelletier.

Mr. and Mrs. R. N. Dahlberg are making preparations to leave Wednesday on a four to six week motor trip through Mexico. They will join Mr. Dahlberg's brother and sister-in-law in Duluth for the trip.

## Drug Prevents Angina Pectoris

NEW YORK—(AP)—A drug designed to prevent attacks of angina pectoris, a painful heart ailment, has been announced.

Fifty to 75 per cent of patients had fewer attacks or less pain when attacks did come, said three reports in the Journal of Angiology. Angiology is the science of blood vessels.

The drug, peritrate (trade-mark) was developed by Chilcott Laboratories, Morris Plains, N. J., from a nitrate long used in explosives.

Angina pectoris is due to lack of blood or oxygen supply, usually from constriction of blood vessels. The new drug relaxes blood vessels.

Dr. Travis Winsor and Patrick Humphreys, University of Southern California, said the drug had beneficial effects in 78 per cent of 125 patients, and was especially useful in treating chest pains. Patients were able to step up daily activities while taking the drug.

Dr. Abraham Perlman, in studies directed by Dr. Thomas H. McGavack, New York Medical College, reported relief in 12 out of 27 patients. Drs. Saul S. Samuels and Elias D. Padernacht, Stuyvesant Polyclinic Hospital, New York, found benefit in 20 out of 30 patients.

## Insemination Babies Need Legal Rights

LOS ANGELES — (AP) — The rights of children born through artificial insemination must be protected by law, Chicago gynecologist Dr. J. P. Greenhill says.

He told the seventh annual obstetrical assembly of Southern California it is regrettable but true that there are no laws on inheritance rights of such children.

Dr. Greenhill has been in charge of several hundred cases of artificial insemination babies born to mothers whose husbands proved infertile. He said that while there has been not one single kickback, because of careful sifting of cases, nevertheless, adequate laws should be passed or formal legal statements made to protect the status of such children.

## Population Of Canada Grows 21.8 Per Cent To 14,009,429 Total

OTTAWA — (AP) — Canada's population has grown 21.8 per cent in 10 years and now totals 14,009,429.

Official census figures showed the call of the Yukon still is strong. The Yukon territory's population jumped 85.1 per cent, from 4,914 to 9,096, between 1941 and last June 1, the date of the census.

Besides the natural growth of population, many persons from England and from displaced persons camps in Europe have come to Canada since the war.

Among the provinces, British Columbia made the biggest percentage jump with an increase of 42.47 per cent to a total of 1,165,210. Biggest actual increase was in Ontario, where the population rose by 809,887 to 4,597,542.

## Pirates Collect \$4500 Ransom

TAIPEI, Formosa — (AP)—Chinese pirates with a lust for gold bars halted the little British steamer Wingsang last night but let it for a ransom of \$4,500 in cash and four wrist watches.

The 78 passengers on the Wingsang dug in their pockets to pay for the freedom of the ship.

Three were Americans—Edward Stansbury of Colderbrook, Conn., attache of the U. S. embassy at Taipei; his wife; and Frank A. Peters of Paterson, N. J., an American oil company representative at Hong Kong.

The ship was in Formosa Strait, about 15 miles off the Red China coast, when pirates opened fire with anti-aircraft guns, a bazooka and machine guns. One Chinese crewman was shot in the leg.

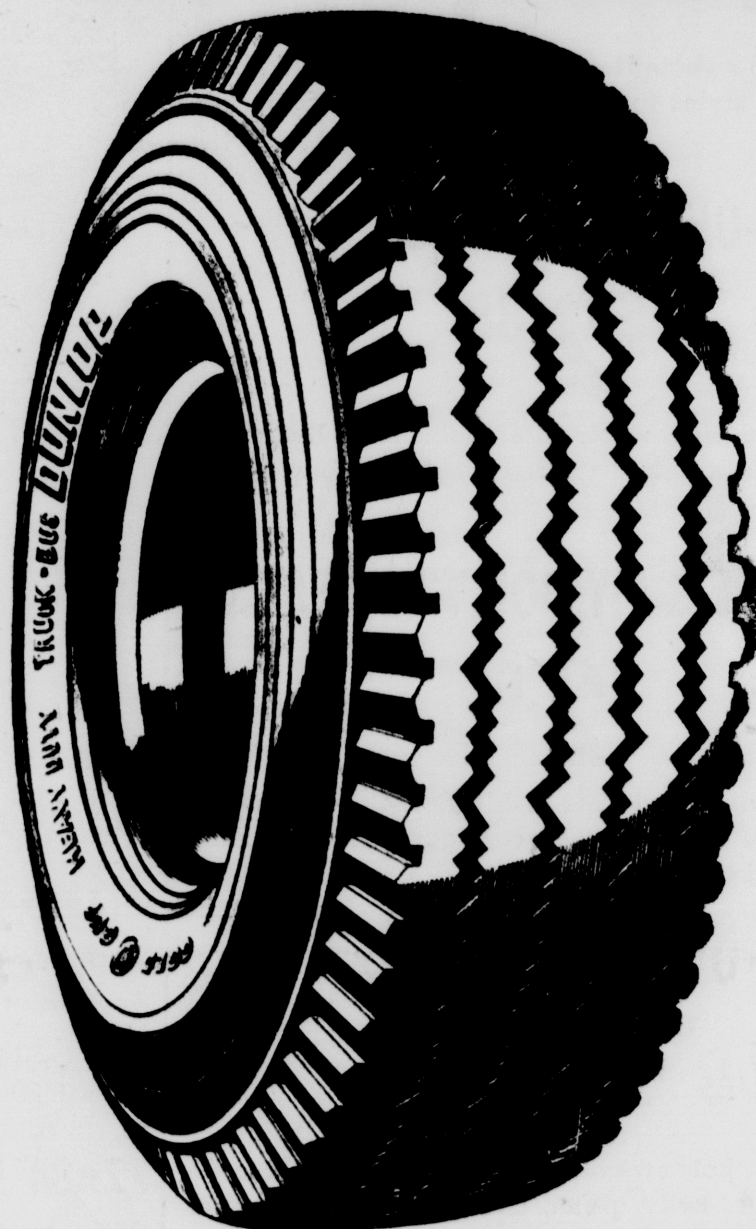

After much shouting back and forth through megaphones, Capt. Ronald G. G. Stanton of Liverpool went over the freebooter ship with several of his officers to begin negotiations. Later Stansbury went over.

"The pirate chief himself was tall, slim and rather handsome," Stansbury said. "He had a long intellectual face and didn't look sinister at all. But that's what made it so sinister."

**THE MICHIGAN LEGISLATURE** now has under consideration a bill to prepare final plans, "the next logical step" for the ultimate construction of a bridge across the Straits of Mackinac, as pictured above by the designers. They are (left to right) David B. Steinman, Othmar H. Ammann and Glenn B. Woodruff, who have a hand in practically every long span bridge in the world since the early '20's. They are the Board of Consulting Engineers retained by the

## Auto Makers Pare Down Use Of Copper

**By DAVID J. WILKIE**

DETROIT —(AP)—Automobiles cannot be made without copper, but they can be made with considerably less of the red metal than was used before the Korean outbreak.

This is being proved today as the nation's auto makers continue to pare down the amount of copper going into radiators, ignition systems, plating and other components of the modern motorcar.

Since early last year the manufacturers have taken an average of from six to eight pounds out of each car assembled. Consider that more than 5,300,000 passenger cars were built last year and you get an idea of how much copper has been conserved for the defense effort.

**Tooling Is Headache**

But more important than what has been saved is that even more copper will be conserved in the months ahead. The car engineers have not yet exhausted all the possibilities of copper conservation.

One major obstacle in the way of greater copper economies right now is that substantial changes in tooling are needed to produce the types of radiators and other parts that will have to be substituted. And at present any kind of new tooling presents something of a headache for the auto industry.

Significant of what the industry generally has been doing to reduce copper consumption is the re-designing of radiators to use copper-plated steel radiator fins. The fins also are being made of corrugated design, instead of flat to increase cooling capacity.

In many instances the car makers have sought to substitute aluminum for copper. But aluminum, too, has been in short supply.

Up until the government's restrictions on materials consumption became effective 26 pounds of copper allows went into the construction of a 3800 pound automobile.

An automotive supplier recently announced he had perfected a radiator using five instead of 20 pounds of copper. This radiator used even more copper-plated steel. It aroused considerable interest among car makers. Some, however, asserted they had been experimenting along similar lines and encountered corrosion problems.

The supplier, nevertheless, maintained his new type radiator had been tested under all conditions likely to be encountered in car operation and had proved entirely satisfactory.

**Premium Prices Paid**

Some car makers have said there is more copper and aluminum in the United States than is being accounted for. "We just don't know where it is," they add. They don't bluntly say a black market is building up in these essential metals, but they do know that in the days immediately following World War II premium prices were paid for

much material needed to build cars.

Without the tooling equipment to utilize copper substitutes they just can't materially increase car output unless they get more copper and many auto builders insist the indicated output of 4,000,000 or fewer passenger cars this year will fall far short of retail demand.

**DESERT LANDS**

It has been estimated that of the 196,950,000 square miles of the surface of the earth, of which 57,150,000 miles are land, 5,000,000 square miles are desert.

Thirteen per cent of the total U. S. grain production comes from Iowa.

## 'Cattle Feeding is an Important Job Anywhere'

says Earl Paulson, Clayton, Wis.

**DAIRY COWS** and beef cattle get a lot of attention on the farm of Earl Paulson near Clayton, Wis. Here, with one of his top milk producers, are Abner Gilbertson (left) manager of the Peavey Feed Store in Clayton; Mr. Paulson and his son Dickie. "Abner's a good friend of us farmers and a helpful man to have around," says Mr. Paulson.

"Cattle mean a lot in this neck of the woods," says Earl Paulson. "They've got to be handled right and fed right."

"That's where Abner Gilbertson, manager of our Peavey Feed Store in Clayton, comes in."

"We know we can count on him to talk over our feeding problems with us. And we know he has the entire Peavey Agricultural Department behind him."

There's a Peavey man in your neighborhood, too. Call on him often. He wants to help you in every way he can.

**Ladies' Aid Party**

ISABELLA—The Ladies' Aid of the Bethany Lutheran Church will sponsor a Valentine party Saturday, Feb. 16, at 8 p. m. in the church parlors. Refreshments will be served. The public is cordially invited to attend.

**Briefs**

Pfc. and Mrs. Kenneth Peterson left Monday morning for Roswell, New Mexico, after spending a ten day furlough with his mother, Mrs. Harvey Sundin.

Trooper and Mrs. Pat Lyons and son Tommy of Marquette were guests at the home of Mr. and Mrs. Nick Bonifas.

Mr. and Mrs. John Kallin and granddaughter, Carmen Mayra, Escanaba, visited relatives here Sunday.

Mr. and Mrs. Isadore Bonifas have returned from a weekend trip to Marenisco, where they visited with Mrs. Bonifas' mother, Mrs. Robert Grivisick.

Mr. and Mrs. Gordon Segerstrom of Ontonagon were Saturday guests of Mr. Segerstrom's parents, Mr. and Mrs. Algot Segerstrom.

Trooper and Mrs. Jack Ebli and son Nickie of Manistique were Sunday guests at the home of Mr. and Mrs. Nick Bonifas.

Mrs. Francis Duchaine of Waukasha, Wis. was a guest at the Ed Lindstrom home on Saturday. Mrs. Duchaine is the former Ethel Larson.

Mrs. William Bonifas, Mrs. Harvey Sundin, and Mrs. Judith Strom spent Monday in Escanaba visiting with Mrs. Ruth Holmquist.

Mrs. Walter Butler has returned from a trip to Oscoda, where she visited her son and daughter-in-law, Mr. and Mrs. Edward Butler, and to Rogers City, where she

## Taxpayers In Michigan Shell Out Five Billion

LANSING—Michigan taxpayers—individual and corporate—shelled out nearly five billion dollars in taxes to federal, state and local governments in 1951, the State Revenue Department said today.

Compared to the preceding year's \$3,434,010,000, the 1951 total of \$4,909,900,000 was the largest increase in history, the department said.

Of the total for 1951, \$4,132,000,000 went to the Federal Government, an increase of \$1,403,500,000 over the previous year.

The Federal tax, paid by individuals and corporations, amounted to 8.2 per cent of the national total.

The department said Michigan corporations paid in income and profits taxes \$1,674,000,000, "the largest amount from this source of any state in the nation except New York."

The report added that because Michigan industry sends its products all over the world, it is impossible to determine how much of that tax burden is passed on to purely Michigan residents.

The department reported that state taxes increased from \$376,200,000 to \$435,800,000 and that local taxes increased from \$329,400,000 to \$342,100,000.

The tax load in Michigan has increased ten-fold since 1930, the department said. In 1930, the Federal tax was \$137,100,000 or 28.72 per cent of the total load, while in 1951, it was 84.15 per cent.

State taxes in 1930 were \$105,100,000, 22.02 per cent of the total and now are 8.87 per cent of the total. Local taxes of \$233,100,000 in 1930 were 49.26 per cent of the total and last year were 6.96 per cent.

Michigan citizens and industry paid 33.91 per cent of their income in taxes in 1950, the department said, compared to 19.42 per cent in 1941.

Of the \$777,900,000 raised by state and local governments in 1951, the department said, the local property tax still was the biggest, or \$342,100,000.

Next came the sales tax, \$240,900,000. Motorists paid \$42,200,000 in taxes, plus \$50,900,000 in gas taxes. Utilities paid \$14,300,000.

If you allow for the reduced value of the dollar, the department said, state government's revenues of \$435,800,000 in 1951 was actually worth only \$242,700,000, compared to revenues of \$1,490,900,000 in 1940.

In the South China Sea 3 1/2 miles of communication cable was recently cut from the line between Hong Kong and Amoy. This is usually the work of thieves because cable material, unraveled and melted down, makes top black market items.

## THOSE IN UNIFORM

Recently advanced to corporal rating is Robert J. LaRose, son of Mr. and Mrs. Jule LaRose of Rapid River. LaRose, who has been stationed at Fort Leonard Wood, Mo., since his entry into armed service Jan. 4, 1951, is now court clerk for the Reserve Command of the 6th Armored Division at the Missouri army base.

Cpl. LaRose took his recruit and engineer training at Fort Leonard Wood and in April, Robt. J. LaRose, 1951, was assigned to Reserve Command as alternate court clerk, moving up to the chief clerk post in August.

Prior to his call to military duty he was employed in Detroit and attended Cleveland Commercial College here. He is a 1948 graduate of Rapid River High School.

Pharmacist's Mate Jim Boucher, great nephew of Mrs. Max Kellerman, 1319 First Ave. N., writes of his experiences aboard an LST evacuating South Koreans from the fighting zone.

"We've had two unforgettable missions, taking out refugees... They (the evacuees) were the saddest, most destitute people I have ever seen. Many of them were sick and I sure had my hands full. (Jim is in charge of the dispensary and all medical treatment aboard his ship.) I just weeded out the worst and did the best I could."

"One woman died on me, but she was so ill when she came aboard. I knew there was little I could do for her. She left two orphans, a little girl of about three and a boy of five. They were so scared and sad."

"At one time I had eight kids with temperatures of 103 or more and 18 other patients on stretchers. God was evidently guiding my hand and my judgment for they all pulled through..."

"I used the candy (sent by sister Theresa of Detroit) piece by piece, to give to the kids when I had to give them their shots. Then they didn't mind the needle so much. Although I couldn't talk their language, they seemed to know we were trying to help them."

Boucher was graduated from Escanaba High School in 1941 and has spent six years in the navy. His father James Boucher Sr., resides in Ferndale, Mich.

Cpl. Richard J. Casey, son of Mr. and Mrs. Wesley Casey of Wells, left this morning for Chicago and will go from here by plane to Travis AFB, Calif. Cpl. Casey arrived home last Tuesday night after graduating Feb. 4 from the A. and E. Specialized Training School at Chanute AFB, Ill.

Two new oil refineries have been opened in England, one of them larger than any other in Europe.

ple I have ever seen. Many of them were sick and I sure had my hands full. (Jim is in charge of the dispensary and all medical treatment aboard his ship.) I just weeded out the worst and did the best I could."

## Perkins

**Catholic Church Services**  
PERKINS—Mass will be offered at 8 and at 10 on Sunday morning, Feb. 17, in St. Joseph's Church in Perkins. Confessions will be heard Saturday afternoon.

**Briefs**  
Mr. and Mrs. G. J. Depuydt have returned from a week spent with relatives in Racine, Wis., and with the Mitchell Depuydts in Chicago.

Miss Grace Gerou, daughter of Mr. and Mrs. Adaloro Gerou Sr., returned on Friday from Crawford, Ill., where she was graduated recently from the Western Union Managing school. She will remain at home until she receives an assignment.

Capt. Marcell LaChapelle, son of Mr. and Mrs. Henry LaChapelle of St. Nicholas, arrived home Friday. Capt. LaChapelle was hospitalized for nearly three months in a hospital in Kyoto, Japan, after he was wounded in Korea.

Mrs. Fred LeBresh has returned from a week's visit with Mr. and Mrs. Milton Snyder in Escanaba.

Mr. and Mrs. Adaloro Gerou Sr. left Monday for Milwaukee where they will visit with relatives.

**Miljour Infant Baptized**

Oliver Leo Miljour, infant son of Mr. and Mrs. Leo Miljour, was baptized Sunday in St. Joseph's Church by the Rev. Fr. Charles Daniel, pastor. Sponsors were Mr. and Mrs. Tom Gerovac.

## 5 Doctors Prove This Plan Breaks The Laxative Habit

If you take laxatives regularly—here's how you can stop!  
Because 5 New York doctors now have proved you can break the laxative habit. And establish your natural powers of regularity. Eighty-three percent of the cases tested did it. So can you.  
Stop taking whatever you now take. Instead: Every night for one week take 2 Carter's Little Liver Pills. Second week—one each night. Third week—one every other night. Then—nothing!  
Every day: drink eight glasses of water; set a definite time for regularity.  
Five New York doctors proved this plan can break the laxative habit.  
How can Carter's Little Liver Pills break the laxative habit?

Because Carter's not only "unblocks" the lower digestive tract but they also improve the flow of liver bile that you need to be regular naturally.  
Further—Carter's Little Liver Pills contain no habit-forming drugs.  
Break the laxative habit... with Carter's Little Liver Pills... and be regular naturally.  
When worry, overeating, overwork make you irregular temporarily—take Carter's Little Liver Pills temporarily. And never get the laxative habit.  
Get Carter's Little Liver Pills for \$7.50 today. You'll be grateful the rest of your life. For free sample, mail this ad with your name and address within 10 days to Department 30, Carter Products, Inc., 52 Park Place, New York 8, New York.

## Why does the telephone company...

ask you to "call by number" when you make Long Distance calls?

What difference does it make whether you give the operator the number of the out-of-town telephone you want to call, or the name and address it's listed under?

Here's the answer:

If you don't give the number, the operator must first call "Information" in the distant city and obtain the number. Then she must make a second call to reach the telephone you want. This means two calls instead of one—takes more time on the line... more of your time.

When you give the operator the out-of-town telephone number you want to call, she doesn't have to call Information in the distant city. So she can put your call through a lot faster with less time on the line—less of your time.

Calling by number means faster service for you. And because each call takes less time, available circuits can handle more calls. More efficient, more economical handling of Long Distance calls, in turn, helps keep down the cost of telephone service.

EFFICIENCY AND ECONOMY GIVE YOU MORE FOR YOUR TELEPHONE DOLLAR

## Church Events

### Bethany Meetings

Bethany's 7th and 8th grade confirmation class will meet at the church at 4:05 Thursday. The Senior Choir will practice at 7:30.

### Bethany Aid Meeting

The Ladies' Aid of Bethany Ev. Lutheran Church will meet at 2:30 Thursday in the church parlors. Hostesses are Mrs. Ethel Jergeson, Mrs. Glenn Matheson and Mrs. Albin Pearson.

### Covenant Chorus

The Ladies' Chorus of the Ev. Covenant Church will meet for rehearsal at 7:30 Thursday evening.

### First Methodist Chorus

The Junior Choir of the First Methodist Church will meet for practice at 4:15 Thursday and the Senior Choir practice will be held at 7.

### Salvation Army

Salvation Army meetings Thursday are: Girl Guard, 7 p. m. and Bible study and prayer at 8.

### Immanuel Lutheran

The junior and senior confirmation classes of Immanuel Lutheran Church will meet at 4 p. m. tomorrow, Thursday, at the church. The junior choir will also rehearse at 5 p. m. and the senior choir at 7:15 tomorrow.

### D. A. R. Dinner Monday Evening

Lewis Cass Chapter, Daughters of the American Revolution, will honor its good citizenship girls at a dinner Monday evening, Feb. 18, at the House of Ludington. Reservations are to be made with Mrs. J. H. Jackson, Ford River Road, telephone 978-W3, not later than Saturday, Feb. 16.

Does your family like crisp thin onion slices? Then serve them on salad greens with a brisk French dressing. Good with hamburgers!

### VERSATILE AND CHARMING

By SUE BURNETTE

This carefully tailored daytime frock is so flattering to a woman's figure, so new in line and detail. And perfectly suited to your busy daytime schedule. Try unusual novelty buttons for a trim.

Pattern No. 8622 is a sew-rite perforated pattern in sizes 14, 16, 18, 20, 40, 42, 44. Size 16, short sleeve, 4 3/4 yards of 39-inch; 1/2 yard contrast.

For this pattern, send 30 cents in COINS, your name, address, size desired, and the PATTERN NUMBER to Sue Burnett Escanaba Daily Press, 372 West Quincy, St. Chicago 6, Ill.

The new Spring and Summer Basic FASHION for women who sew will be ready for you shortly. Send 25 cents now for your copy.

### Gloria Larson Wins Bayha Award at MSC

Gloria Larson, Escanaba junior at Michigan State College, was awarded the Bayha award at the Home Economics Night banquet Feb. 5. She was among seven girls receiving awards.

The award was given to the junior in the field of clothing with the highest scholarship and who is either wholly or partially self supporting.

Miss Larson was also tapped for membership in Omicron Nu, home economics national honorary fraternity.

### Today's Recipes

#### Swedish Fish Recipe

A recipe for the Swedish pickled fish called Gnosk-Sill has been requested by a reader. She states that the dish contains herring, onions, distilled vinegar, sugar, salt, spices, and sour cream.

### Social Situations

You call a friend and the telephone is answered by a strange voice, perhaps that of a maid or cleaning woman.

**WRONG:** In asking to speak to your friend, call her by her first name.

**RIGHT:** Ask to speak to Mrs. Smith.

### KEEP 'EM STARCHED

Lucky is the girl who gets a crinoline petticoat in her Christmas stockings. They give ladies a charmingly feminine appearance.

The stiffer the better for that smart perkiness of your crinoline. A quarter of a cake of pale blue laundry wax will help cut ironing time in half, and the glossy finish will make your petticoat soil resistant. Starch can be saved for another wash day, if it is kept in an airtight container in the refrigerator or a cool, dry place.

### FLAMINGOES GO HOME

MIAMI—(AP)—At the request of the Audubon Society, the Hialeah race track has sent a pair of its famed flamingoes to Nassau for exhibition at the government house there. Ironically, the flamingo is a native of the Bahamas Islands.

To keep your chromium shiny and smooth, wash it with hot water and soap, rinse, and polish with a dry, soft cloth.

2107

### VALENTINE SWEETHEART

By MRS. ANNE CABOT

You'll love this enchanting old fashioned lady in embroidery and eyelet ruffles for your bedlinens. Embroider the designs in gay colors and simple stitchery.

Pattern No. 2107 contains hot iron transfer for designs, material requirements, color chart, stitch illustrations, sewing and finishing directions.

Send 25c in COINS, your name, address and the PATTERN NUMBER to ANNE CABOT, Escanaba Daily Press, 372 West Quincy St., Chicago 6, Ill.

Anne Cabot's NEW Album of Needlework is chock-full of grand designs, plus exciting features and a gift pattern printed in the book. 25 cents.

25 cents.

**GOLDEN WEDDING**—Mr. and Mrs. Edward Beauchamp of 627 Sheridan Road, whose marriage took place in Escanaba 50 years ago, celebrated their golden wedding anniversary at an open house Sunday and with a Mass of Thanksgiving at St. Thomas Church, and a family dinner Monday. Sunday also marked Mrs. Beauchamp's birthday anniversary. (Juetten Studio)

## Personals

Mr. and Mrs. Melton B. McGovern of the Nu-Way Cleaners, attended the 43rd annual convention and exhibition of the National Institute of Cleaning and Dyeing, which was held in St. Louis, Mo., on Feb. 7th to 9th.

Mrs. Thomas LaValley has returned to her home in Racine, Wis., after visiting at the home of Mr. and Mrs. Joseph Pacquet, 223 N. 10th. While here, she attended the funeral of Ross G. Dewar.

Mr. and Mrs. Hugh Gartland and son Kenneth, 1811 13th Ave. N., and Mrs. John McGear of South Gladstone, have returned from a trip to Milwaukee, where they visited with Mr. and Mrs. Ralph McGear. Mrs. McGear is the former Darlene Gartland, daughter of the Hugh Gartlands. Ralph McGear is a son of Mrs. John McGear.

Roy LaValley of Racine, Wis., have returned to his home after attending the funeral services for Ross G. Dewar and visiting at

the home of Mr. and Mrs. Joseph Rademacher, Bark River Route 1.

Mr. and Mrs. James Hayden and family and Mr. and Mrs. Frank Young of Iron Mountain attended the funeral of Ross G. Dewar.

Mrs. Merle Gregory, 714 1st Ave. S., has returned from Milwaukee where she visited her sister, Mrs. Emma Schultz.

## Births

Mr. and Mrs. Clarence H. Ray, Harris, are the parents of a four pound eleven ounce son, Larry Clarence, who was born Feb. 11 in St. Francis Hospital.

Kristine Emily, a seven pound three ounce daughter, was born Feb. 11 in St. Francis Hospital to Mr. and Mrs. Floyd M. Kallio of Tremont.

Mr. and Mrs. Ernest Kallerson of Huron, Ohio, are the parents of a daughter, Cheryl, born Feb. 7 in Huron. Cheryl is the second child in the family. Mrs. Kallerson is the former Bernadine Thibeault of Gladstone.

## Social-Club

### Rebekah Lodge Meeting

Phoebe Rebekah Lodge No. 179 will hold a regular meeting on Thursday evening, Feb. 14th at the Odd Fellows hall, N. 10th St. beginning at 8 o'clock. The social hour will be in charge of Mrs. Tom Judson as chairman assisted by Mmes. Elmer Kiesel, P. A. Aronson and Albin Olson. All officers of the lodge are requested to be at the hall at 7:30 o'clock for practice.

### Brownie Valentine Party

The Brownie Troop No. 9 of the Barr School held a Valentine party at the home of Jeanne Pomazal, daughter of Mr. and Mrs. Jesse Pomazal, 916 7th Ave. S. Pot luck lunch was served by Jeanne and her mother.

The table was decorated in the Valentine motif. Each member received a favor. Games were played and songs were sung.

Those present at the party were Karen Lindquist, Carol Johnson, Mary Jo Wilkinson, Mary Carol Novak, Sandra Weber, Mary Lou Anderson, Jean Ellen Clark, Lynn Baillargeon, Jeanne Pomazal, and Mrs. Tom Wilkinson.

Mrs. James LaVasser is leader of the troop. Assistant leaders are Mrs. Jack Novak and Mrs. Tom Wilkinson.

### Bethany Ladies' Aid

The Ladies' Aid of the Bethany Lutheran Church will meet tomorrow afternoon at 2:30 in the church parlors. Hostesses will be Mrs. Palmer Jergeson, Mrs. Glenn Matheson, and Mrs. Albin Pearson. The public is cordially invited to attend.

### Bake Sale Saturday

The United Commercial Travelers will hold a bake sale Saturday morning beginning at 11 at the Maytag store. Members who wish to have their donations picked up should call Mrs. Warren Johnson, 950-R, Mrs. Alvin St. Pierre, 1782, or Mrs. Ed Harkins, 2340.

### Ladies' Auxiliary Meeting

The Ladies' Auxiliary of the Brotherhood of Railroad Trainmen will meet at 2 p. m. Thursday.

## Adventist Church Officers Elected

The new church officers of the Seventh-day Adventist Church, Ludington and 19th Streets elected for 1952 are announced as follows:

Chester Feak, Bark River, head elder; Arthur Thompson, Cornell, second elder; S. R. Brandt, head deacon; A. W. Erickson, Elmer Anderson, and Karl Hahn, Bark River, associate deacons; Mrs. Charles Sundstrom, Bark River, head deaconess; Mrs. Wesley Heslop, Gladstone, and Mrs. Grant Olson, associate deaconesses; Mrs. Senia Williams, clerk; Mrs. S. R. Brandt, treasurer; Mrs. Chester Feak, Bark River, pianist; Mrs. A. W. Erickson, missionary leader; Mrs. Louis Dagenais, missionary secretary; Mrs. George Turner, Sabbath School superintendent; Carol Erickson, assistant Sabbath School superintendent; Mrs. Kenneth Blosser, Powers, Sabbath School secretary; Geraldine Olson, assistant Sabbath School secretary; Mrs. Mabyon McKinney, Gladstone, children's division leader; Mrs. James Johnson, Gladstone, Dorcas leader; Mrs. John Oliver, Dorcas secretary; Kenneth Blosser, Powers, missionary volunteer leader; Mrs. Kenneth Blosser, assistant missionary volunteer leader; Evelyn Sundstrom, Bark River, social secretary; Mrs. Albert Hutte, press relations secretary.

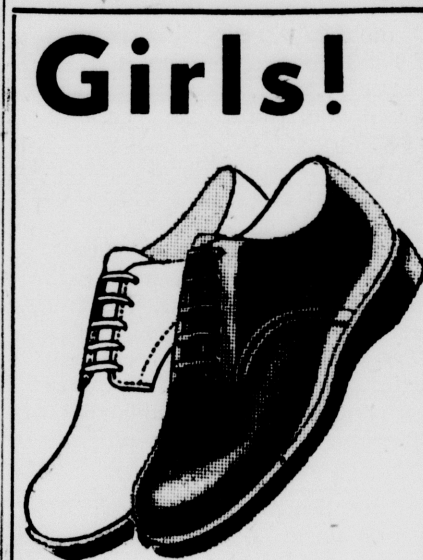

Serve frosted strawberries over grapefruit sections for a pretty and refreshing dessert. You can get the frozen strawberries whole or sliced.

day at Grenier's hall. Games will be played after the business meeting. The public is invited and lunch will be served. Mrs. Elmer LaPlant is chairman of the social program, assisted by Mesdames Walter Menard, Charles E. Good, Peter LaFave.

**RECEIVE CAP**—Miss Helen Wulf, daughter of Mr. and Mrs. Joe Wulf of Ensign, recently received her cap and diploma in a candlelight ceremony held at Elkhart University in Elkhart, Ind.

To induce sleep, relax your eye muscles by looking at some far away object. Then look at your index finger six inches from your nose. Blink often and repeat the exercise several times.

Here are those new suede oxfords with cush 'n crepe soles that are all the rage with the 'teen agers.

For practicality and comfort, you'll want a pair of these newest oxfords. They come in black or red suede.

Only **\$5.98**

**Saddle Oxfords . . . \$5.50**

**Loafers, with cush n crepe soles . . . \$5.98**

## LUDINGTON BUY-LINES

by Sue Donimus

A **DIPLOMAT** is a fellow who, when asked what his favorite color is, replies, "Plaid". No beating around the bush when they ask me what my favorite candy is. "Fanny Farmer", I answer *tout suite*, because that's what I always think of when I have a sweet tooth. The gal in your life will think you're a Fanny Farmer candy in the Valentine decorated boxes from **Gust Asps**. Priced from only \$1.25 and up—a sumptuous Valentine assortment! Also at **Gust Asps** you'll find the famous Whitman heart shaped boxes from \$2.20 to \$5.50. And a special children's heart box for just 49c. You'll win a diploma in diplomacy when you make it a Valentine from **Asps**!

**HOME** wasn't built in a day. If you have your heart set on a new home, be sure to include the **Stephenson Lumber Company** in all those preliminary dreams and plans. Their fine roofing materials; dry, seasoned lumber; quality sash and door fittings; unexcelled insulation; and all other building materials are just what you need for a house that's built for permanence as well as fine appearance. Home is where the heart is, so set your heart on supplies from **Stephenson's** and you'll soon be living in a dream world come true.

I **LIKE** the little boy who said, "My mother over-does herself and over-don'ts me!" For all little boys with lots of pep, **Lauerman's** store has a wonderful new style of pants. They're called "Hip-Huggers" and I can really recommend them first hand because our boy has some. An elastic waistband prevents the shirt from hiking out. The pants came in sizes 3 to 8—look for them on the second floor. There are plain dark colors as well as a variety of checks and lighter shades for spring. Made from Dan River fabrics . . . and some of Dupont's neoprene—these pants are fashioned for rough wear. Best of all, they're washable—and the price tag, only \$4.45. Don't forget—do get yours at **Lauerman's** soon!

An old timer is one who can remember when a baby sitter was called mother! A modern is a woman who wants to stay home with her new **Singer Sewing Machine**. Now Singer can do some beautiful high-style stitches without attachments, and you will be able to learn them all in one free, easy lesson at the **Singer Sewing Center**. Lessons are Wednesday afternoons from 1 to 3:30. Phone and enroll for one of the classes soon. If you want to make a \$10 dress look like it cost \$100, just learn to apply some of these very new fashion stitches—the spiral cable, the cordonnet, the boucle. Sew pretty!

An unwelcome guest is one who takes everything but leave. A welcome guest in Escanaba has been the Woman's Finance Forum . . . about to take its leave today after presenting four outstanding lectures on personal finance to the women of the community. Last lecture of the series will be presented tonight. All the girls have asked me to say thanks to the **State Bank of Escanaba** for a wonderful course to follow. Only sad gal at the lectures was one who said it's awful to have someone tell you what to do with your money after you've done something else with it!

A **FRIEND** consoled the saddened father-of-the-bride at a recent wedding, "Don't think of it as losing a daughter, think of it as gaining a bathroom!" Every girl with an approaching wedding date must be sure to stop in at the second floor at the **Fair Store** for a peek at the really lovely wedding dresses and bridesmaid frocks . . . I saw one gorgeous lace and net wedding dress—the extremely full net edged with lace flounces. Others combine lace and satin in classic beauty. Many of the delicate pastel frocks are strapless but have tiny bolero jackets to match. An aqua lace dress has a huge circular collar that's removable. For weddings or Spring formals be **Fair**.

If you don't want to find yourself in a tight squeeze, be careful whom you flirt with! Everyone wants to squeeze that tomato at **Penney's**! It's the cleverest ketchup dispenser you ever saw. Made of a new plastic-polyethylene—the bright red tomato holds a full bottle of ketchup. The leafy top removes for easy filling and washing. You merely squeeze ketchup from a small stem opening for no waste or mess. Only 98c at **Penney's**—the perfect gift for a woman who has everything. Some tomato!

When I asked him what model car he drove he answered, "It's no model; it's a horrible example!" If you'd like to see a sample of cars as they should be made, be sure to stop down at **Peterson and Jacobson Auto Service** to see the new **Studebaker**. Here's a specimen to set the heart racing like mad and make you want to do a little shifting in your budget plans to include a 1952 **Studebaker**. With that low priced Champion it's not hard either I'm in love with a wonderful car—**Studebaker**!

## IN MEMORIAM

In loving memory of our dear wife and mother, Mrs. Ida Johnson, who passed away five years ago today, February 13, 1947.

A loved one from us has gone. A cheerful voice is filled.

Place is vacant in our home. Which never can be filled.

God in his wisdom has recalled The joy His life has given.

And though her body slumbers here on earth, We hope to meet in Heaven.

Sadly missed by: Husband, Hans Johnson Daughter, Jane Johnson 4461-44-3t

## Legals

### SPECIAL SCHOOL ELECTION

Notice of Special Election of the Qualified Electors of the School District of the City of Escanaba, Delta County, Michigan, by one, to be Held February 18, 1952.

TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:

Please Take Notice That a special election of the qualified electors of said School District will be held in said District on Monday, February 18, 1952.

THE POLLS WILL OPEN AT 7:00 O'CLOCK A. M. AND CLOSE AT 8:00 O'CLOCK P. M., EASTERN STANDARD TIME.

The following propositions will be submitted to the vote of the electors at said special election:

1. Shall the limitation on the total amount of taxes which may be assessed against all property in the School District of the City of Escanaba, Delta County, Michigan, for all purposes, except taxes levied for the payment of interest and principal on obligations incurred prior to December 8, 1928, be increased as provided by Section 21, Article X of the Constitution of Michigan, from one per cent (1.0%) of the assessed valuation, as equalized, of all property in the School District, to a period of twenty (20) years, from 1952 to 1971, both inclusive, for the purpose of providing a debt retirement fund to pay the principal and interest on bonds of the School District in the principal amount of One Million One Hundred Thousand Dollars (\$1,100,000) to be issued for the purpose of erecting and furnishing an additional elementary schoolhouse containing special facilities for handicapped children and a new high school building in said District?

2. Shall the School District of the City of Escanaba, Delta County, Michigan, borrow the sum of not to exceed One Million One Hundred Thousand Dollars (\$1,100,000) and issue its bonds herefor, for the purpose of erecting and furnishing an additional elementary schoolhouse containing special facilities for handicapped children and a new high school building in said District?

Voting Place—City Hall Building, corner 11th and 7th Street.

Voting Place—Carnegie Public Library Building, Corner 1st Avenue South and 7th Street.

Voting Place—Southwest Room, Basement of Franklin School, Entrance on South 6th Street.

Voting Place—City Hall Building, corner 11th Street and 1st Avenue South.

Voting Place—Basement of Jefferson School Building, corner 2nd Avenue South and 15th Street.

Voting Place—Junior High School Building, Room adjoining Entrance, corner 1st Avenue North and North 15th Street.

Voting Place—Bart School Building, corner 5th Avenue South and South 13th Street.

Voting Place—Fire Station No. 2 on Sheridan Road.

Voting Place—Room adjoining South Entrance to High School Building, 9th Avenue South and 11th Street.

Each person voting on the proposition to increase the total tax rate limitation must be a citizen of the United States, above the age of 21 years, and have resided in the State of Michigan six months, and in the School District 30 days next preceding the election.

Each person voting on the proposition of borrowing and issuing the bonds of said School District must be a citizen of the United States, above the age of 21 years, and have resided

in the State of Michigan six months, and in the School District 30 days next preceding the election, and have property assessed for taxes within the School District or be the lawful husband or wife of such person.

Only persons registered as electors in the city are eligible to vote.

1. Ann S. Villeneuve, Treasurer of Delta County, Michigan, find that as of 1952, the total all voted increases over and above the tax rate limitation established by Section 21, Article X of the Constitution of Michigan, in any local units of government affecting the taxable property located in the School District of the City of Escanaba, Delta County, Michigan, is as follows:

NONE

(s) ANN S. VILLENEUVE

Treasurer, Delta County, Michigan

Take Notice That the Board of Education has estimated the total expense of erecting and furnishing an additional elementary schoolhouse containing special facilities for handicapped children and a new high school building in said District to be One Million Seven Hundred Fifty Thousand Dollars (\$1,750,000); One Million One Hundred Thousand Dollars (\$1,100,000) of which it is necessary to raise by borrowing and issuing the bonds of the District.

This Notice is given by order of the Board of Education of the School District of the City of Escanaba, Delta County, Michigan.

(s) CHARLES FOLLO

Secretary, Board of Education.

1952-Feb. 11-13, 1952

ROBINSON

## LeMaire's Chinchillas Almost Steal Weekend Show In Minneapolis

Upper Michigan's rapidly growing reputation as a fine chinchilla producing area received new impetus last weekend in Minneapolis when seven chinchillas owned by Frank LeMaire, of Manistique, virtually stole the show.

## Lions Present Courtesy Plan

A parking meter courtesy program for visiting motorists during vacation season was taken under advisement by the City Council following its presentation at the regular council meeting Monday night by the Manistique Lions Club.

The plan offered by the club involved the placing of a courtesy ticket on all meters where visiting motorists over-park, and the placing of a nickel in the meter by the patrolman on duty to eliminate the violation for another hour. The nickels would be provided by the Lions Club.

The courtesy tickets would invite the motorist to return the nickel to the Lions Club or to make a small donation to the club's sight and blind fund.

Members of the council indicated they favored such a program but desired more time for consideration.

"This suggested program," it was explained by George Babalis, Lions club representative, "will provide a community courtesy for visitors who come here as our guests and who spend countless thousands of new dollars in our area every season. At the same time the city will not be out a cent of money from parking meters."

the female show championship, and the reserve grand championship.

The show, held in the Leamington Hotel, was sponsored by the North Central Chinchilla Breeders branch and was sanctioned by the National Chinchilla Breeders of America. More than 190 prime chinchillas were entered from Minnesota, North and South Dakota, Iowa, Illinois and Idaho.

Judges for the three-day event were Willard George, Los Angeles furrier; Harry LaDue, Duluth, editor of the American Fur Breeder; and Abe Permack, Minneapolis, representative of a New York auction fur firm.

LeMaire entered eight animals in competition. One failed to place, one took the third place white ribbon in the pale class and the remaining six led the field in their respective classes.

Chinchillas were judged in six classes and were divided according to age, sex and color phase. LeMaire's were the only Michigan animals entered in the show.

LeMaire, who returned Monday night from Minneapolis, will enter four animals, two males and two females, in the Eastern Regional Chinchilla Show in Boston on Feb. 22 and 24.

## Obituary

**LILLIAN M. CAREFELLE**  
Funeral services for Lillian M. Carefelle, who passed away Saturday afternoon at her home, were held Tuesday morning at 9 from St. Francis de Sales church under the direction of the Messier-Broulliere Funeral Home. The body was placed in the Lakeview receiving vault and will be buried in the spring in Fairview cemetery.

Pallbearers were Lawrence Hambeau, George Weber, William Bellville, William A. Norton, Omar LeMourie and Fred Hinkson.

Rhode Island, smallest state in the Union, has a total area of only 1214 square miles.

## Council Votes Wage Increase

A wage increase of four cents an hour for hourly workers and its equivalent for salaried employees was approved by the Manistique City Council at a regular meeting Monday night.

The increase is retroactive to Jan. 1, 1952, and will be in effect until May 1 when the city's fiscal year ends. At that time a new contract with the union of State, County and Municipal Workers, Local 1196, will be negotiated and a new wage scale established which will include the four cent hike plus any additional increase granted.

Action to bring the city under the provisions of the social security law was deferred although councilmen unofficially agreed to participate in the program after more information is obtained.

City Attorney William Hood was instructed to attend one of two meetings on social security slated for February at which problems posed by city participation in the program will be explained. One meeting is scheduled for Feb. 19 at Iron Mountain and another Feb. 23 at Traverse City.

The council plans to make city participation in social security retroactive to early 1951, if possible, it was indicated.

The increased wage scale was recommended to the city board by Councilman Walter Burns who, with Councilman A. W. Heitman, held a conference with union representatives on Jan. 19. Union representatives present at the council meeting were George Doran, Lee Bare and Connie Donovan.

**Bethany Society**—The Bethany Society of the Zion Lutheran

## List Program For Concert

The concert program to be presented Thursday evening by the Manistique high school band and mixed chorus was announced yesterday as follows:

## Hose Purchase Is Authorized

The purchase of 500 feet of fire hose from the American LaFrance Foamite Corp. at a price of \$2.05 a foot, f.o.b. Manistique, was approved by the City Council at a regular meeting Monday night.

The purchase was on a bid basis, four firms submitting quotations. New hose is to replace old hose lines unreliable for fire fighting use. The discarded hose is usually transferred to the street department.

Installation of stop signs at the intersection of Badger street and North Second, Third and Fourth streets also was approved by council resolution. Badger street is to be the through street, with traffic approaching from the other three streets being required to stop at the intersections.

### To Sell Stumpage

Installation of the stop signs was requested by residents in that area. The council also approved the advertising for bids on stumpage on city-owned property near the municipal dumping grounds. The city owns the following 40 acres there: SE 1/4 of NE 1/4 of Section 15, T 41 N, R 16 W.

A resolution officially designating the State Savings and First National banks as municipal depositories was passed. W. G. Stephens, city assessor, reported to the council that the building leased by the National Guard for its armory was not subject to city taxation, according to an interpretation given the law by the Michigan supreme court. The building is privately owned.

Three members of the Manistique Volunteer Firemen's association requested the council to assist in the purchase of uniforms to be used at the Upper Peninsula Volunteer Firemen's convention, scheduled to be held in Manistique next August 6, 7, 8 and 9.

### Direct Relief \$1,481.59

The three volunteer firemen—Robert Harbin, James Slining and John Larson—also informed the city board that an additional donation would be asked later to help finance the convention.

Council members requested that the association prepare figures on the expected contribution and present them by April, before the next city budget is adopted. The figures are to include the proposed uniforms, estimated at \$350 for 14 shirts and trousers.

Direct relief in the city during December was reported at \$1,481.59 in a statement submitted by the Schoolcraft County Department of Social Welfare.

The monthly milk report also was presented at the session by the Alger-Delta Health department. Four members of the city board

**HAPPY**—Helen Keller, world-famous blind and deaf author, beams her happiness at recovering her cherished watch it has raised gold bars on the face and other special construction to enable her to tell time by touch. Miss Keller says it has been "part of her" ever since she received it as a gift when she was 14 years old. Her recent "appeal to the public" brought it back from a New York pawnbroker, at whose shop it was pawned.

## Third Quarter Fund Received

A total of \$31,891.46 representing the third quarterly sales tax diversion payment has been received by Laura A. Williams, county treasurer, and distributed to the treasurers of the county's various school districts, townships and the city, it is announced.

Total distribution to the schools was \$18,089.44. Township and city governments received \$13,802.02. School distribution follows: Doyle, \$1,142.28; Germfask, \$1,489.64; Hiawatha, \$1,142.28; Inwood, \$1,516.36; Manistique, \$1,309.28; Mueller, \$901.80; Seney, \$627.92; Thompson, \$447.56; city schools, \$9,512.32.

The following amounts were allocated to the townships and city: Doyle, \$867.36; Germfask, \$471.82; Hiawatha, \$1,004.64; Inwood, \$1,048.32; Manistique, \$915.72; Mueller, \$658.32; Seney, \$439.92; Thompson, \$461.76; city of Manistique, \$7,934.16.

were present for the meeting, Councilman A. W. Heitman being out of the city.

## City Streets Are Classified

Classification of Manistique's street system into state highways and major and local streets, requested by the Michigan State Highway Department, is provided in a resolution passed at a regular meeting of the City Council Monday night.

The classification, called for in act 51 of the Public Acts of 1951, is to provide mileage data for apportioning the allocation of motor vehicle highway funds.

The resolution establishes the city's street system as follows: US-2, 4.14 miles; M-94, 1.09 miles; M-219, .63 miles; major streets, 6.1 miles; local streets, 14.2 miles.

A companion resolution, also requested by the highway department, designated City Manager H. W. Heideman as administrator of all streets and highways in the city.

### City Briefs

Pfc. David E. Scoon has left for Camp McCoy, Wis., where he is stationed, after spending the past week at the home of his parents, Mr. and Mrs. James Scoon, 515 Mackinac Ave.

Mrs. Avis Scoon, 310 N. 4th St., left Tuesday for Marquette where she will receive medical treatment.

Mr. and Mrs. James Scoon and small daughter, Charlotte, motored to Marquette Tuesday where the little girl received a medical check-up at the Children's Clinic. Charlotte is recovering from a severe attack of polio suffered over a year ago.

Mr. and Mrs. Frank Barnes, 116 N. Mackinac Ave., are the parents of a daughter, born Feb. 9 at the Schoolcraft Memorial Hospital. The infant weighed seven pounds and four and one-quarter ounces.

Mrs. Walter Minor has returned to Clarksville, Tenn., after visiting here with her mother, Mrs. Edith Belanger, 113 N. 2nd St., and other relatives.

A son, weighing seven pounds and six and one-quarter ounces, was born Feb. 9 to Mr. and Mrs. Francis Davidson, of Cooks, at the Schoolcraft Memorial Hospital.

Mrs. Foster Jones has returned to her home in Battle Creek after spending 10-days here with her parents, Mr. and Mrs. Ian B. Winn, 212 S. Maple Ave.

Dr. and Mrs. William VanArsdale, 303 Lake St., are the parents of a son, born Feb. 10 at the Schoolcraft Memorial Hospital. The infant weighed seven pounds and nine and three-quarter ounces.

Mrs. V. W. Duclon, of Green

## Manistique Captain Recalled To Duty For Texas Exercises

LANSING—Ten Michigan National Guard officers have been recalled to active duty to serve as umpires in the approaching maneuvers, "Exercise Longhorn," in Texas.

The maneuvers will involve 150,000 ground and air force troops from mid-February to mid-April.

### The Officers:

Maj. Howard W. Baker of Owosso; Capt. Edward J. Doyle of Manistique; Arthur R. Heald of Hamtramck; Russell P. McKay of Dowagiac; Gordon B. Michaelson of Detroit; Harold B. Straub of Bolles Harbor; Clement V. Van Wagoner of Alpena; 1st Lt. Jack E. Storey of Emmett; and 2nd Lt. Frank W. Dicker of Detroit and Robert W. Steele of Mt. Morris.

## Local Skiers Go To Palmer Sunday

Manistique junior ski riders will participate in a U. P. championship jumping tournament Sunday at Palmer, it is announced.

Local juniors took part in a tourney last Sunday afternoon in Munising where Beverly Gentz, 14, only girl member of the local Arrowhead club, was awarded a gold medal for her jump of 85 feet. She was the only girl who took part in the event.

Jack Swartstrom received a silver medal in class 3 and James Cowman placed eighth in class 2 at Munising. A total of 110 junior jumpers took part.

Out of 129 participants at a recent Iron Mountain junior tournament, Jack Swartstrom was awarded a bronze medal and Beverly Gentz received honorable mention.

Bay, and Mrs. Lorraine Cullen, of Chicago, are visiting here at the home of Mr. and Mrs. Ian B. Winn, 212 S. Maple Ave.

Steven DeRousha, son of Mr. and Mrs. Ray DeRousha, Deer St., underwent an emergency appendectomy at the Schoolcraft Memorial Hospital Monday.

## Ruth J. Nelson Is Bride Saturday Of Donald L. McKenzie

At a ceremony Saturday evening in the Zion Lutheran Church, Miss Ruth J. Nelson, daughter of Mr. and Mrs. Albin Nelson, route one, became the bride of Donald L. McKenzie, son of Mr. and Mrs. William McKenzie, 410 Range St.

The Rev. G. A. Herbert officiated at the 7 o'clock double ring candlelight ceremony.

Herbert K. Peterson sang "Because," "O Promise Me" and "Perfect Love." He was accompanied by Mrs. Harry Ahlstrom at the organ. The altar was decorated with two baskets of pink gladioli.

### Given By Father

The bride, given in marriage by her father, was attired in a gown of white net over taffeta with a bolero jacket with long sleeves

that came to a point over her wrists. The full skirt was styled with a peplum. Her veil of imported chantilly lace fell from a beaded crown, and she carried a bouquet of white gladioli centered with red roses. She wore a rhinestone necklace, with matching earrings and bracelet, a gift of the groom.

Mrs. Sigrid Kanerva, sister of the bride, was matron of honor. She wore a strapless gown of blue net over taffeta with a bolero jacket to match. She carried a bouquet of pink carnations. Miss Helen Fieberitz was bridesmaid. She was attired in a gown of blue net over taffeta fashioned with a high ruffled neckline. She carried a bouquet of yellow carnations. June Nelson, sister of the bride, who served as flower girl, wore a yellow taffeta gown trimmed in black with a matching head dress. She carried a basket of rose petals.

Jack Musgrove, uncle of the groom, and Dick McKenzie, the

groom's brother, served as best men, and James McKenzie and Robert Kanerva ushered. Harry Nelson, brother of the bride, was ring bearer.

Mrs. Nelson attended her daughter's wedding in an aqua and black print streetlength dress with black accessories. Mrs. McKenzie, the groom's mother, wore a red suit with black accessories. Both mothers wore corsages of white carnations.

### Reception for 150

A reception was held later at the Manistique township hall for 150 guests. The bride's table was centered with a four-tiered wedding cake topped with a miniature bride and groom. The newlyweds are making their home at 630 Garden Ave.

The couple are both graduates of Manistique high school. The bridegroom expects to leave for the service soon.

Out-of-town guests attending were Mr. and Mrs. James McKenzie, of Engadine; Mr. and Mrs.

Ted McKenzie, of Rudyard; Mrs. E. Musgrove and son, Jack, and Mrs. Marsh Bergman and daughters, of Pontiac; Mrs. Signe Arrowood, of Gladstone; Mr. and Mrs. Robert Kanerva, of Cedarville; and Mr. and Mrs. Lowell Hebbard, of Escanaba.

A movable base for a ladder, recently patented, permits the user to shift the ladder along a building without descending from its top. It is a small four-wheel truck, pulled forward by an attached rope, which passes through a pulley on a stake and up to the user.

# Upper Peninsula Boxers Win Open Team Championship In Golden Gloves At Milwaukee

By RAY CRANDALL  
Daily Press Sports Editor  
MILWAUKEE — The Upper Peninsula of Michigan Golden Gloves boxing team, champions in the Escanaba tournament last month, won the open division team championship of the Milwaukee Journal Golden Gloves here last night before a crowd of 11,000 fans in the Milwaukee Arena.

Upper Peninsula boxers, listed in the Milwaukee tournament as the Escanaba, Michigan team, won five of seven bouts in the semi-finals and finals of the open division matches, capturing two individual championships in this class. In addition, the Upper Peninsula's lone surviving entry in the novice division, Harvard Lancoeur, of Manistique, won the 135 pound novice championship.

Three Champions  
Upper Peninsula boxers who won championships at Milwaukee last night are Wayne Tufnell, Manistique, 126 pound open; Francis Selling, Manistique, 147 pound open; and Harvard Lancoeur, Manistique, 135 pound novice. The Manistique boxers are sponsored by the Manistique Catholic Youth Organization.

Robert Minor, of Manistique, the Upper Peninsula's 118 pound open division titleholder, lost an extremely close decision to Carroll Fink, Milwaukee, in the finals of the 118 pound open bracket.

Ralph Butler, Sault Ste. Marie boxer from Camp Lucas, won a semi-final bout in the 175 pound open class by a third round TKO over Joseph Skrepenski, Milwaukee, but lost the championship

## Al's Edge Out Rodman's 68-67

In an independent tilt last night at Hermansville, Al's Tavern quintet nosed out Rodman's Bar 68-67, with Al's playing the last one minute and 40 seconds of the game with four men on the floor. One of the four was 15-year-old Mileski.

W. Courneen, Oseen and Legault went out in the last quarter on fouls, and Martineau was sent to the showers early in the second quarter by the Al's Tavern coach.

Paulin was high point man for Al's with 21 points, while S. Machalk led Rodman's in scoring honors with 16 points.

Rodman's led 20 to 18 at the close of the first quarter and 34-33 at the half, but a final quarter rally by the Al's Tavern cagers closed the gap and a one-point victory margin.

The box score:

| Al's Tavern | FG | FT | PF | TP |
|-------------|----|----|----|----|
| J. Courneen | 8  | 1  | 1  | 17 |
| Van Effen   | 3  | 0  | 1  | 6  |
| Paulin      | 9  | 3  | 3  | 21 |
| Oseen       | 1  | 4  | 5  | 6  |
| Legault     | 4  | 4  | 5  | 12 |
| W. Courneen | 2  | 2  | 5  | 6  |

Red Rolfe Taken Ill, Rushed To Hospital Before Florida Trip  
DETROIT—(AP)—Manager Red Rolfe of the Detroit Tigers was taken ill today and was rushed to Grace Branch Hospital shortly before he was to have left for Florida.

Hospital authorities said he apparently was suffering from appendicitis.

The illness struck Rolfe as he and his wife were preparing to head south by auto to the Tiger training camp.

## FIGHTS LAST NIGHT

Los Angeles—Lauro Salas, 135½, Los Angeles, outpointed Baby Face Gutierrez, 124½, San Diego, 12.  
White Plains, N. Y.—Frankie (Kid) Alvin, 147½, Philadelphia, knocked out Dick Cannady, 148, Newark, N. J., 1.

Sacramento, Calif.—Bobo Olson, 168, Manolalu, outpointed Woody Harper, 169, Oakland, Calif., 10.  
London—Randy Turpin, 168, London, stopped Alex Burton, 168, London, 7.

Michigan State awarded 41 major letters—the largest number in its history—at the conclusion of the football season. Included were 15 seniors, 17 juniors, eight sophomores and one freshman.

Bobby Doerr "spoiled" no-hit games for Bob Feller in 1939 and again in 1946. Both hits were

bout to Willie Christian, Milwaukee colored light heavyweight, by a third round knockout.

Tufnell scored the quickest knockout of the tournament when he flattened Robert Hendrickson, Fond du Lac, in ten seconds of the first round in a semi-final bout in the 126 pound open class. Tufnell landed a jolting right hand punch to the jaw as he came out of his corner and the Fond du Lac boy was counted out.

Tufnell Fouled In Final  
In the championship bout, Tufnell was scoring a decisive victory over Cpl. Obie Vann, colored, of Camp McCoy, in the first round when Cpl. Vann, in a wild effort to escape Tufnell's unrelenting attack accidentally knuckled Tufnell in the groin. The Manistique boxer was unable to continue the bout and he was awarded the championship on a foul.

Francis Selling, clever Manistique welterweight, scored a narrow decision over Kenneth Munson, Fond du Lac, in the semi-finals of the 147 open division. Selling's superior infighting technique gained the nod of the judges in a close battle.

In the championship round of the 147 open, however, Selling disposed of Richard Lobner, Marshfield, Wisconsin, with a knockout in the first round. A right hook dropped Lobner after 25 seconds of the round.

The bout pairing Robert Minor, Manistique, with Carroll Fink, Milwaukee, produced some of the best action of a 22-bout card. The bantamweights stood toe to toe and slugged it out almost without letup for three rounds. Fink gained the nod in a very close decision but the huge crowd, largest to attend a Golden Gloves program in Milwaukee, gave both boys a big hand as they left the ring.

Butler Wins One, Loses One  
Ralph Butler was too much for Joe Skrepenski, tall Milwaukee 175 pounder, in the semi-final bout. Butler floored Skrepenski in the second round and dropped him again in the third round. The referee stopped the uneven contest in the third.

Willie Christian, Milwaukee, was too much for Butler in the championship bout, however. Christian, who won his semi-final bout with a first round kayo, floored Butler in the second round.

As the boys came out to start the final round, Butler moved to shake hands with his opponent, a practice not observed in the Milwaukee tournament. Christian took advantage of the opportunity to land a right to the head that put Butler down for the count.

Harvard Lancoeur, Manistique lightweight, was too strong for Theodore Krauss, of Fond du Lac, in the 135 pound novice championship bout. The bout was close but Lancoeur, throwing punches with triphammer regularity, wore his opponent down. He gained an edge in each of the three rounds.

Tufnell and Selling qualify to compete with the Milwaukee Journal team in the Tournament of Champions in Chicago the latter part of this month. Lancoeur, a novice, is not eligible for the Chicago tournament.

Many of these boxers will compete in a paired match boxing program sponsored by the Manistique CYO at Manistique on March 1.

## Olympic Fire Toted By 100 Men On Skis

By BEN PHLEGAR

OSLO, — (AP)—The flaming Olympic torch, borne high by the first of a gigantic relay of 100 men on skis, started today on its 170-mile journey from Moredal, the birthplace of modern skiing, to the opening ceremonies of the winter Olympic games in Oslo.

At the same time the torch left Moredal, the Oslo weather bureau sorrowfully announced there seems no prospect for snow in southern Norway "for at least three or four days."

This prediction rules out any possibility for good runs for the opening skiing events tomorrow at Norefjell.

Official Opening Friday  
The two-man bods will get the competition underway tomorrow morning with the first of four heats to be run in two days. And after lunch the women skiers take off on the giant slalom at Norefjell, 70 miles north of here.

But the official opening of the games will not take place until Friday morning when the Olympic torch is carried into Oslo's Nislett stadium and the Olympic fire is lighted above the traditional marathon gate.

The relay starts at Moredal with a brief ceremony in the house where Sondre Norheim, Norway's first active competitive skier, lived

100 years ago.

## Hockey Sidelights

The Escanaba Hockey association wants to thank businessmen of the city who contributed toward the purchase of flashy new hockey uniforms to be worn for the first time in the Marquette game here tonight. Procurement of the uniforms was one of those spontaneous things that, like little Topsy, just grew. They are an outright gift to the hockey club from interested businessmen and certainly represent a growing interest in this world's fastest sport and one of the finest of all spectator sports.

Tommy Quinn is due a lion's share of the credit for fathering the idea of dressing up our high-flying Hawks in a manner more befitting their colorful play. Response to the idea was favorable. The whole project, undertaken by Quinn with an assist by Tryg Olsen and several others, is very gratifying to officers and directors of the association. In a sense it shows that their efforts in bringing fast hockey to Escanaba are appreciated. With more of this type of community response, Escanaba can go a long way toward becoming the year-round sports capital of Upper Michigan. A community building and artificial ice rink would clinch that honor.

You're missing a good bet if you don't drive by and watch these youngsters play juvenile and junior hockey at the junior high school rink some night. More than 100 were there last night under the direction of Mark and Ted Olson of the Senior Hawks. Wells played Gladstone and scores of Escanaba youngsters were on hand to cheer their favorites. A lot of spirit, pep and enthusiasm in these games. It's good for the youngsters and keeps them out of trouble.

Games or supervised practice Monday, Tuesday, Thursday, Friday nights and Saturday afternoons. That's the schedule for as long as ice is available outdoors. The weatherman has not been too cooperative (Yoo, hoo—S. E. Decker), but just a short stretch of frigid weather will put the outdoor hockey rink in good shape. But the way the boys went at it last night, the conditions of the ice didn't make much difference. One would have thought they were playing in the Olympia Stadium in Detroit.

No room for exhibition games on the Senior Hawk slate this season. Last year, the Hawks met Fort Frances, Ont., Sault Ste. Marie, Ont., and one other outside team but they paid for it by playing six league games in eight days at the tail end of the season. Both Canadian and American Soos have been dicker for exhibition games with the Hawks, whose reputation is growing by leaps and bounds, but there isn't room on the schedule. Sunday, February 17, looked like the best prospect, but the association was informed that on that date they start tearing the rink down for the Escanaba ice revue. The Feb. 20 game with Marquette must be postponed because of the ice show. It likely will be played here Friday, Feb. 29, if that doesn't interfere with high school basketball.

The Escanaba Hockey association desires to cooperate with all groups in popularizing hockey as a first-rate competitor and spectator sport.—JGW.

## Browns Are Loaded With 38 On Roster

CHICAGO—(AP)—The St. Louis Browns, under the tireless maneuvering of owner Bill Veeck, are the most loaded club in the American league—in number of players, that is.

The 1952 Red Book, official publication of the American

league for sports writers and broadcasters only, lists a total of 286 players for the coming season, including 103 rookies.

St. Louis has the heaviest roster with 38 players, and also the most rookies with 17.

Other clubs shape up this way: Boston Red Sox 36 players including 14 rookies; Chicago White Sox 37-14; New York Yankees 36-13; Philadelphia Athletics 34-11; Detroit Tigers 33-10; Washington Senators 37-13; and Cleveland Indians 35-11.

The off season limit per club is 40.

Earl Hilligan, the A. L. publicity chief and publisher of the Red Book, predicts that the Junior Circuit's rookie of the year probably will come from this group.

## 50-49 Win Taken By Rapid River

A Rapid River Central League quintet last night defeated Bark River 50-49 on the latter's home floor, with Goodman accumulating 28 points in a scoring spree for the Rapid Riverites.

The Bark River team was paced by Good with 17 points, Lavigne with 11 and Kwarciany with 10.

Hitting the free throw column won the game for Rapid River team. They collected 14 of 21 free throws while Bark River missed nine of 16. Bark River, however, topped the Rapid River quintet in the number of field goals.

In a reserve game Rapid River downed Bark River 52-51 in an overtime.

The box score:

| Rapid River | FG | FT | PF | TP |
|-------------|----|----|----|----|
| Johnson     | 4  | 2  | 3  | 10 |
| Pederson    | 3  | 1  | 2  | 7  |
| Goodman     | 10 | 8  | 3  | 26 |
| Brenstrom   | 1  | 3  | 4  | 5  |

The Cincinnati Reds will play 34 exhibition games before they open the regular National league season on April 15 with the Cubs at Crosley Field.

## Soo Trip Peps Up Kid Puckers

With Delta County league champions slated to participate in the state championship juvenile and hockey tournament in Sault Ste. Marie next month, local youngsters have opened their schedule with a bang and are competing nightly at the Escanaba junior high school rink.

In a rousing game last night, the Wells juvenile sextet (9-13, inclusive) nipped a hard skating Gladstone team 3-2. The game was close and exciting all the way with the outcome in doubt until the final bell.

On goals by Mike Aker, assisted by Clint Delvo, and John Bakran, unassisted, Wells took a 2-1 lead going into the third period. Jimmy Farfrell, an up-and-coming center, scored Gladstone's goal. Each team tallied in the finale, with Bakran coming through for Wells and Dick Johnson scoring for Gladstone, assisted by Francis Semashko.

No games will be played tonight because of the Marquette-Escanaba Northern Michigan tilt at the fairgrounds rink, but competition will be resumed tomorrow night. Games also are on tap Friday night and Saturday afternoon. Jim Rattray will be in charge Thursday, Jerry Tagliabracchi Friday and Bob Grabowski Saturday.

The juvenile and junior league champions at the end of the season will be awarded with a trip to the American So to play on artificial ice Pullar Stadium in the state tournament.

All local teams will be equipped with jerseys.

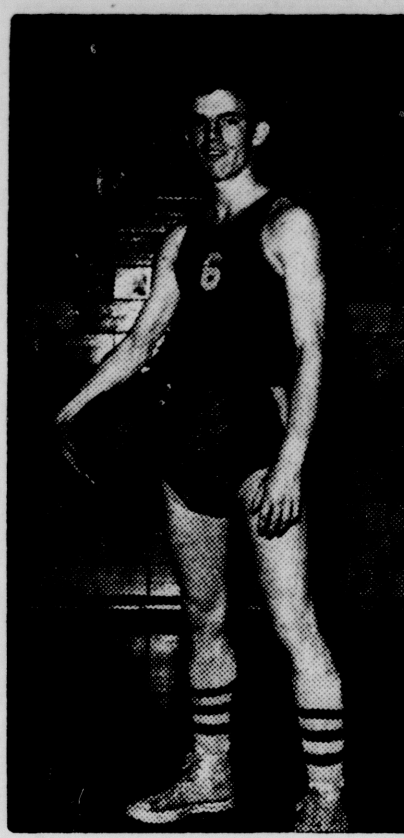

## Tiger Groundskeeper Dies In Lakeland, Fla.

LAKELAND, Fla.—(AP)—Neil Conway, head groundskeeper of the Detroit Tigers for the past 35 years, died suddenly today at the Tigers' spring training camp here.

He had been in Lakeland for several weeks carrying on his customary tasks of getting Hensley Field, the Tigers training site, in readiness for opening of spring practice later this month.

The tall, white-haired Conway was the senior member of the Tiger organization both in age and in years of service. He was a keen student and lover of baseball and had a host of friends in the baseball and newspaper world.

Conway complained of a sore throat yesterday and apparently suffered a heart attack early today. His age was about 62.

TRIOJAN GUARD—Bob Sendenburgh operates at a guard position for Coach Tom St. Germain's St. Joe Trojans. On the sick list last week, Sendenburgh saw only a few minutes action against Stephenson, but has been a steady performer for the Trojans to date. Sendenburgh, who also performed for St. Joe on the gridiron last season, is a junior. (Daily Press Photo)

## Grand Rapids Boxers On Top

GRAND RAPIDS, Mich.—(AP)—Corp. Dick Jones of Fort Custer still reigns as light heavyweight Golden Gloves champion of Michigan—but he retained the crown last night in lack-luster style.

While Jones, hitherto a knockout specialist, was barely decisioning Barry Blassingame of Flint, the Grand Rapids team sneaked in and stole the spotlight from Jones at the Michigan Golden Gloves championships.

A crowd of 5,300 had jampacked into Civic Auditorium to see Jones, the national Golden Gloves semi-finalist last year, who announced last night he would turn pro after his discharge in June, fought in the 175-pound open class.

But the fans went away talking about a Grand Rapids outfit that won the team championship with an amazing 45 points.

Everyone of the eight Grand Rapids fighters who reached the finals won state titles—exactly half the titles available.

It was easily the greatest team

## Kutches Named On United Press All Star Squad

Peter Kutches, St. Joseph high school star athlete, was named honorable mentioned on the United Press All-America football squad and is eligible to compete in the all star game at Memphis, Tennessee August 28.

Kutches is one of 84 players selected on seven teams by the UP sports writers.

## Perkins Takes Cooks 47 To 44

A third-quarter scoring flurry by Perkins last night on their home floor gave them a winning margin to defeat a Cooks quintet 47-44 in a Central League game.

Perkins held a one-point lead with the score 26-25 at halftime, but rolled up 16 points to Cooks' nine in the third period. Cooks came back in the final quarter but was unable to overcome the Perkins' lead.

In the preliminary between Seventh and Eighth graders, Cooks defeated Perkins 36 to 17.

On Saturday Perkins will meet Grand Marais at Perkins in a non-league tilt.

The box score:

| Perkins     | FG | FT | PF | TP |
|-------------|----|----|----|----|
| DeKeyser    | 5  | 2  | 4  | 12 |
| Besson      | 7  | 0  | 3  | 14 |

performane since World War II. Defending champion Flint finished second with 29 points and Bay City third with 31.

## Powers Downs Trenary 72-66

Powers defeated Trenary last night 72-66 in a Central League game of Powers marked by rapid-fire scoring and precision shooting.

The victory gave Powers 13 wins and three losses so far this season.

Trenary led at the close of the first quarter retained a one-point margin at the half, but Powers went ahead in the third period and continued scoring for the victory.

In a contest between B teams, Powers defeated Trenary 39-20.

The box score:

| Powers      | FG | FT | PF | TP |

# Hawks Flash New Suits On Sentinels Tonight

A gaily clad crew of Escanaba Hawks will take the ice at fairgrounds rink at 8:15 tonight to battle the hard skating Marquette Sentinels in a Northern Michigan Hockey league game.

In fact, they'll knock your eyes out when they first skate out at 8 p. m. for a 15-minute warmup before the opening faceoff; the new jerseys and stockings are that colorful. Nylon, no less, and yellowish orange and black with white trim—aye, yi, yi! Black numbers are conspicuous on an expanse of yellow-orange on the back, and a

## Rocky Figures Savold Is Easy

PHILADELPHIA — (AP)—Rocky Marciano, young, lusty and unbeaten, figures to cakewalk to his 39th straight victory tonight in a scheduled 10 round fight against the battleworn, 35-year-old Lee Savold.

The 27-year-old Marciano is a heavy favorite to demolish Savold in an early round. But before the former Brockton, Mass., cobbler gets too confident he might read a page of Convention Hall fight history.

It was 18 years ago today that Max Schmeling, former heavyweight champion, climbed into the ring to race Steve Hamas. The German was an overwhelming favorite, but when the fight was over, Hamas was the winner. Maybe the veteran Savold, from Paterson, N. J., will draw some superhuman effort from this memory.

Certainly, Savold has few supporters. Even the Pennsylvania State Athletic commission indicated it was concerned about the possibility the fight might be a turkey from the standpoint of competition. At last week's physical examination, Commissioner John Dagrosa told both boxers that he had been asked by many people, "Why This Fight?"

He reminded Marciano that he had catapulted into heavyweight boxing prominence with his knockout of 37-year-old Joe Louis, the old Brown Bomber. Dagrosa mentioned that this same fading Louis had unceremoniously dumped Savold.

"You fellows will have to prove to the public why this fight," Dagrosa said. The commissioner warned the fighters he would hold up purses if it wasn't a good show.

Bod Woodruff, director of athletics at the University of Florida, was an assistant coach to Earl Blaik at West Point in 1944 and 1945.

similar expanse on the front of the jersey will sport a black hawk emblem.

The dazzling new uniforms represent the first departure in years from the traditional black and white of previous Escanaba hockey teams, but they are sure to ring the bell with fans in this area.

**It's No Style Show!**  
Marquette also will be decked out in its new uniforms, so you can see that members of the Northern Michigan circuit are well aware of what the well dressed young hockey player wears these days.

Now, from the foregoing you may think only a style show is on tap tonight. But be assured that once the rivals square off and the puck is dropped all the Beau Brummel stuff will be forgotten and the puck chasers might just as well be playing out in their long underwear—only!

This is bound to be a furious clash. The Hawks are geared to the hilt to get revenge for unexpected losses to Marquette. In the words of Coach Mark Olson of the Hawks, here is the irony in the Marquette-Hawk rivalry:

"Marquette has 10 points in the league standings, and the Sentinels got six of them from us," he pointed out. "We have 14 points in the league standings, and we got seven of them from the defending champion Portage Lake Pioneers."

**Color And Action**  
"In other words, we've been taking Portage but have had trouble with Marquette on Marquette ice. Last year, we won twice and lost only once in Marquette. This year, we have lost three times up there. But we've won twice here, and we're going all out to do it again tonight."

Coach Olson added that, in fact, the Hawks were whetting their appetites over the prospect of a win here tonight and also in Marquette tomorrow night. "We've got to win at least one in Marquette this season," he avowed.

With Burt Petaja and Rusty Hiltunen in the lineup, the Hawks can present three fast lines tonight. In previous games with Marquette, the Hawk lines have been somewhat scrambled because of illness and injury.

This, plus the fact the Hawks will be at full strength otherwise and will wear their flashy new uniforms, promises plenty of color and action tonight.

# Skiing Hasn't Gone Sissy In Norway

NOREFJELL, Norway — (AP)—If you think modern skiing has gone sissy you should be in Norefjell for the winter Olympics. Man, it's rugged up here.

These hardy Norwegians are used to taking their winter sports the hard way. There are no elephants here.

The Norwegians carefully avoided the softening influence of the cities by locating the Olympic downhill and giant slalom ski races way up here in the mountains, 75 miles north of Oslo.

The setting is lovely — steep wooded mountainside looking down upon a frozen lake with another range of green and white mountains rising sharply on the other side of the lake.

But if the Olympic skiers weren't here, there would be mighty few people around to enjoy the scenery. There is nothing resembling a village in the entire area—just a few farm homes, a country store or two, several ski cabins and a few resort hotels scattered around the mountains.

That made it quite a problem to house the nearly 300 skiers, 200 officials, and 50 newspapermen who'll be here for the Olympic races. And it left no room for the spectators. They'll have to drive up from Oslo in the morning and back at night.

**Colorado Shuts Out MSC Puckmen, 3-0**  
EAST LANSING, Mich. — (AP)—Colorado scored a 3-0 shutout over Michigan State College in a Midwest collegiate hockey league game last night.

Colorado's goalie Ken Kinsley was credited with 18 saves but had less work to do than MSC goalie Del Reid who made 21 saves.

Ron Hartwell scored the first goal at 7:36 of the first period. Both teams went scoreless then until the final period when Colorado scored twice within the space of a minute and 10 seconds. Omar Brandt scored at 14:35 and Norm Deviney at 15:45 on screen shots from almost directly in front of the net.

neils got six of them from us," he pointed out. "We have 14 points in the league standings, and we got seven of them from the defending champion Portage Lake Pioneers."

## Gladstone Takes On Marquette

GLADSTONE — The Gladstone Braves wind up the regular basketball schedule with three home games on successive weekends and the first comes Friday evening when they entertain the Gravenets of Marquette.

Although the Braves have only been able to garner two victories thus far this season they have been greatly encouraged by their showing against undefeated Gwin last weekend.

They played the Modeltowners on even terms in the first quarter, trailed by only one point at half time and went out to take a 3-point lead in the third quarter before Gwin rallied and took command.

Ball handling in the Gwin game was noticeably better and Becker did some nifty rebound work. Defense generally was of a better standard.

Coach Keil is sticking to his same starters: namely, Jerry Norick at center, Lowell LaPlant and either Duane Peterson or Roger Beauchamp at forwards and Capt. Tom Moreau and Martin Becker at guards.

There will be a preliminary starting at 7.

## Chevs Defeat CIO In Manistique Tilt

Grabbing an early lead, the Chevs held it to the gun and defeated the CIO five 45 and 35 at the Manistique gym last night.

## Winter Sports Carnival At Park This Weekend

Gladstone's annual Winter Sports Carnival will be held this weekend with events at the Sports Park both Saturday and Sunday.

Norman Harris, president of the Gladstone Ski club, sponsors of the event, is hoping for some snow to provide good skiing for the various races and contests to be held.

## Council Elects, Rally Planned

David Nelson of the Mission Covenant church was named chairman of the Youth Council at the election of officers held Sunday afternoon at Calvary Baptist Church in Escanaba.

Grace Raerick of Calvary Baptist Church was named vice chairman, Lois Boms of the Covenant Church was chosen secretary and Marie Erickson of Bethel Free Church in Gladstone is treasurer. Selected as head usher was Dick Palmietier of the Salvation Army in Escanaba.

A Youth Rally is to be held Saturday at Bethel Free Church in Gladstone. Floyd Ankerberg, nationally traveled Youth for Christ evangelist, is to be the speaker. Ankerberg has conducted campaigns in Sweden, Finland, Norway, Poland, Germany and several other European countries.

There will be special music by various church groups.

Attending the meeting Sunday from Gladstone were Rev. Oscar Leander, Leonard Sabourin, Marie Erickson, Darlene Burr, Charlene Nelson and Lois Boms.

Darlene Burr of the First Baptist Church, Gladstone, and Leona Anderson of the Covenant Church, Escanaba, are on the program committee which is headed by Grace Raerick as chairman.

## Fellowship Group Meets On Thursday

The first of a series of programs based on the theme "Our Church" is to be held at a meeting of the Covenant Fellowship of the Mission Covenant church Thursday evening at 8 at the church.

The program: Scripture Reading and Prayer, Mrs. Rudolph Johnson. Readings, Mrs. Linda Erickson and Miss Pat Ellington.

Trumpet Solo, John Trygg. Selections, Trio composed of Elise Swenson, Inez Nyberg and Lois Boms.

Mrs. Clarence A. Goodman is the hostess. The public is invited.

## Truman Only Holdout For Autograph Fan

ROME — (AP)—A valuable autograph collection has been built up by a village carpenter, Brunetto Rossi, who composes poems paying homage to the world's greats. The autographs come on the letters of thanks.

One of Rossi's autographs is on a letter from prewar British Prime Minister Neville Chamberlain. It came in reply to a poem lauding Chamberlain's efforts to maintain the peace in the dark days of early 1939. During the war the Chamberlain letter saved his home from search. British troops skipped his home when the letter was shown them.

Another prized autograph is from Princess Elizabeth of Britain. Rossi had written to congratulate her on the birth of her first child.

Rossi's only failure has been President Truman. The President never replied to his poem. "He has too many problems now," the 59-year-old carpenter philosophizes. "I am sure he will respond eventually."

## Ensign Matron Taken By Death

Mrs. Frank Merle, 58, Ensign matron, passed away Tuesday at St. Francis Hospital. She had been in failing health for the past eight years but critically ill for only three days.

The deceased was born in Razulja, Yugoslavia, June 26, 1893. The family resided at Ensign for the past 30 years.

Mrs. Merle was a member of St. Charles Catholic Church, Rapid River.

Surviving are the husband, Frank; four daughters, Mrs. Joseph Stenac, Annie and Mary, Ensign, and Frances, Detroit; a son, Walter, Ensign; and two sisters, Mrs. Tony Mauhar, Ensign, and one residing in Yugoslavia.

The body was taken to the Skradski Funeral Home where friends may call beginning tonight. The Rosary will be recited at the funeral home Thursday evening at 8. Funeral services are to be conducted at St. Charles Catholic Church in Rapid River, the Rev. Fr. Thomas J. Andary offering the requiem. Burial will be in the Rapid River cemetery.

## Close Race Among Three Teams For Smear Play Honors

Maurice Lierman's pacesetter team continued to lead the Holy Name smear tournament following this week's play, but its lead over Clyde Alworden's team was cut to 3 points. 298 to 295.

A great race for second half honors has developed with August Boden's crew having 294, only 4 points off the pace.

High for the evening was made by Barney DeHooghe's team which had 81 and low by Robert Schram's which had 19.

Other aggregate scores for the second half are Andy Vargo 269, Ed LeRoux 267, Albert Bratony 262, Larry Gardner 262, Barney DeRooghe 254, Lou LaCombe 251, Albert Wilmore 243, Ed Laidlaw 217, Paul Jarvis 217, Pete DeMenter 215, Roy LaCasse 214, Wilfred Royer 211, Julius Reubens 204, Don Zierke 194, Rene Maskart 192, Rudy Sydmark 189, William Bouchard 188, Wilfred LeRoux 185 and Robert Schram 184.

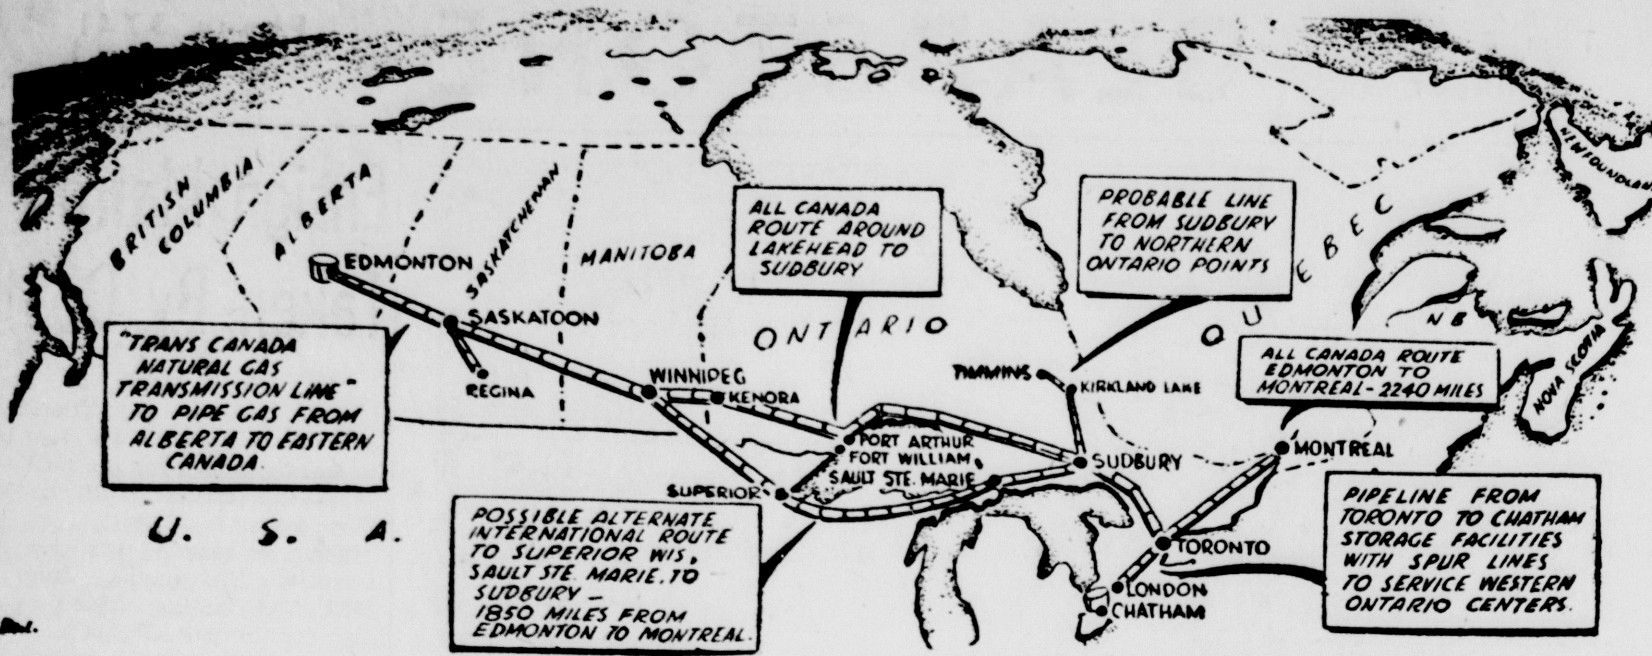

## Law Enforcement Ass'n To Meet In Gladstone

Policemen, sheriff's officers and state police from all over Upper Michigan will gather in Gladstone Thursday for a regular meeting of the Upper Peninsula of Michigan Association of Law Enforcement Officers.

Dr. Carl W. Muehlberger, Ph. D., Lansing, director of the Michigan State Crime laboratory, will be the guest speaker at the meeting.

Dr. Muehlberger at once time worked with the Chicago police department. He is a specialist in police investigation and his talk will have to do with the detection, preservation and presentation of evidence.

**THIS MAP** shows the proposed pipeline to carry gas from the Alberta oil fields to eastern Canada. Known as the "Trans-Canada Natural Gas Transmission line," the line has two possible routes around Lake Superior—one through large undeveloped territory on the north shore and the other through Michigan's Upper Peninsula to the Sault Ste. Marie area. The Upper Peninsula route is the shorter of the two, 1,850 miles from Edmonton to Montreal. The all-Canada route is 2,240 miles and would miss the population centers of Duluth-Superior and the Upper

Peninsula, as well as nearby centers such as Minneapolis and St. Paul and northern Wisconsin. The Canadian Sault also would be bi-passed if the all-Canada route were followed. Cost of the project is estimated \$275,000,000 and its construction may hinge on the decision of Alberta's Conservation Board. The decision is expected to be announced March 15. If Alberta decides there is an exportable surplus, Canada may step into the "gas age" almost overnight. (Map courtesy of Sault, Ontario, Daily Star and Sault, Mich., Evening News)

## Build Natural Gas Line Through Upper Peninsula, Bureau Proposes

Routing of the long-discussed trans-Canada natural gas transmission line along the southern shore of Lake Superior not only would be 390 miles shorter than an alternate northern route, but it would offer the transmission company an enormous source of revenue, according to Upper Peninsula organizations engaged in efforts to bring natural gas into this region.

Construction of such a pipeline, extending from Edmonton, Alberta, to Montreal and costing \$275,000,000, is expected to be considered in March by the Canadian Province of Alberta. Finances and organization for export of Alberta's enormous gas resources are now being negotiated.

**Alternate Routes Proposed**  
The Upper Peninsula Development Bureau, at the suggestion of the Sault Ste. Marie, Chamber of Commerce, has taken the lead in obtaining support of communities throughout the region in an effort to convince the transmission

company that the route through the Peninsula should be seriously considered. Also backing the move is the Michigan Economic Development Commission.

Preliminary surveys propose alternate routes for the line. One would extend from Edmonton to Winnipeg, to Port Arthur, north of Lake Superior direct to Sudbury, then to Toronto and terminating at Montreal. The alternate route would extend from Edmonton to Winnipeg to Superior, Wis., and then through Upper Michigan to Sault Ste. Marie and on to Sudbury, Toronto and Montreal.

The all-Canada or northern route would be 2,240 miles long, while the route through the Upper Peninsula would be 1,850 miles long.

"There would be no source of natural gas sales from Port Arthur to Sudbury by way of the northern short route, while the line from Superior to Duluth to Sudbury would offer the trans-

mission company an enormous source of revenue," Bureau officials stated. "We believe that the so-called southern route offers every advantage to the gas transmission company, in terrain, in distance and in sales of their products."

### Great Value To U. P.

"Upper Peninsula organizations are firmly convinced that the routing of this pipeline through this area would be of tremendous value to our economic welfare. Not only would it be of great advantage to our existing industries, businesses and homes, but it would offer an enormous inducement to new industry."

At the recent meeting of the Economic Development Commission in Detroit, Endicott R. Lovell, president of Calumet & Hecla Consolidated Copper Co. declared that availability of natural gas would be of extreme importance to copper production.

"If this pipeline were put into the Upper Peninsula and we

were able to obtain natural gas, Calumet & Hecla could operate marginal mines which cannot now be utilized economically," Lovell said. "The development would mean the beginning of a new day in the Upper Peninsula copper industry."

Declaring that present gas companies would be interested as potential buyers, George E. Bishop, Development Bureau secretary-manager, said that bringing natural gas through this area

## Drug Clerk Lost 20 Lbs. My Customers Praise Rennel

"I worked as a drug clerk many years and have heard Rennel Concentrate praised by many customers that were using it," writes Mrs. P. Coe, 20785 Schultz, Hazel Park, Mich. "After having two babies I started putting on weight and so decided to use Rennel myself. I was having trouble with regularity and was feeling tired and upset most of the time. However, since using Rennel I have been feeling so very much better. Within 6 weeks time I had lost 20 lbs."

Imagine, eat plenty and lose weight with this simple yet effective amazing home recipe. After purchasing a bottle of Rennel from your druggist pour

the contents into a pint bottle and add enough grapefruit juice to fill bottle. Take two tablespoons twice a day. That's all there is to it. No diets to complicate your meal planning. No expensive vitamins to fortify your system from weakness while going without food for you can eat normally. If the very first bottle doesn't show the simple, easy way to lose pounds of bulky fat and help regain slender, more youthful curves—if reducible excess fat doesn't seem to disappear almost like magic just return the empty bottle to the manufacturer for your money back. Insist on and be sure to get genuine Rennel.

"would provide cheap fuel needed as a basis of industrial growth—the need of which many of our communities already have recognized."

"A route from Superior through Ashland, Ironwood, Bessemer, Wakefield, Ewen, Covington, Ishpeming, Negaunee, Marquette, Munising, Newberry and Sault Ste. Marie would afford retail sales opportunity for gas not to be found in the wilderness area of the northern route," he said.

## The Most Dramatically New Fine Cars in all Motoring History

Standard equipment, accessories, and trim illustrated are subject to change without notice. White side-wall tires, when available, optional at extra cost.

### THE ENGINEER'S BRILLIANT ACHIEVEMENT ALL-NEW 160-HP V-8

The completely new 160-HP Lincoln V-8 engine, latest and greatest from the master craftsmen who have built more V-8 engines than all other car makers combined. New exclusive "Hi-Swirl" combustion chambers, new overhead valves, higher compression ratio and greater horsepower—more power than you may ever need—teamed with HYDRA-MATIC Transmission as standard equipment.

THE ONE FINE CAR  
DELIBERATELY  
DESIGNED FOR  
MODERN LIVING

*Lincoln* for 1952

IN TWO INCOMPARABLE SERIES — the *Cosmopolitan* — the *Capri*

**NORTHERN MOTOR COMPANY**  
1419 LUDINGTON ST. ESCANABA, MICHIGAN

**THE CURTAIN IS UP.** There in the spotlight is a significant new automobile—a fundamentally new concept in luxury motoring. It is Lincoln for 1952—the one fine car deliberately designed for modern living.

More than breath-taking beauty, here is beauty with purpose, design with reason. It is an entirely new approach to fine cars—with every ride on the *American Road* a command performance even for the daintiest woman driver, thanks to superb visibility, the unique see-ahead hood, and the trim design fore and aft. Here is astonishing performance that only Lincoln's completely new engine could make possible.

This is our invitation to visit our showroom and view the dramatically new Lincoln *Cosmopolitan* and *Capri*. Then—make the discovery of the one fine car that has captured the air, the feeling, of modern living.
